## I. INTRODUCTION

1  
2 In the face of determined opposition from the insurance industry and complex  
3 challenges engineering claims that could be adjudicated on a classwide basis under  
4 Federal Rule of Civil Procedure 23, Class Counsel undertook this litigation to enforce  
5 statutory rights for those seriously injured or killed in auto accidents. All the Settlement  
6 Class Members had exhausted the single (unstacked) limits of UM/UIM coverage under  
7 their insurance policies, but none of them received additional benefits Plaintiff contends  
8 they were entitled to under stacked policy limits. Despite the fact that Settlement Class  
9 Members' injuries and amounts of individual recoveries would vary, Class Counsel  
10 developed a model for calculating classwide damages based on reliable statistical  
11 methods for calculating the aggregate value of insurance settlements for the Settlement  
12 Class up to the stacked policy limits, focusing on the limited value of available *contract*  
13 benefits, rather than the ultimate potential values of the underlying personal injury tort  
14 claims. After prevailing at the Arizona Supreme Court on a contested issue of Arizona  
15 insurance law that goes to the crux of this case, Class Counsel have negotiated a  
16 settlement that will provide a \$13,940,000.00 common fund for the Settlement Class.  
17 Because of the substantial risks of litigating an undecided and highly contested issue of  
18 law, as the need to navigate challenging class certification issues, and the excellent  
19 recovery for the Settlement Class, Plaintiff respectfully requests from the common fund:  
20 (1) an award of attorney's fees in the amount of 30% of the monetary benefits conferred  
21 upon the Class, which equals \$4,182,000.00; (2) expenses fronted by Class Counsel in  
22 litigating this matter of \$50,458.36; and (3) a service award for Plaintiff of \$7,500 based  
23 on his contributions and efforts. This Motion is supported by the Declaration of Robert B.  
24 Carey ("Carey Decl."), attached hereto.

## II. THE WORK UNDERTAKEN BY PLAINTIFF

### A. Plaintiff's Counsel initiated related litigation on the same issues in this case.

26 In October 2021, Judge Susan Bolton ruled in favor of the insured plaintiff in  
27 *Heaton v. Metropolitan Group Property & Casualty Co.*, holding that Arizona law  
28

1 required stacking of uninsured motorist (“UM”)/underinsured (“UIM”) motorist  
2 coverages within a multi-vehicle policy under A.R.S. § 20-259.01(H), where the insurer  
3 did not provide the insured an opportunity to elect which vehicle’s coverage was  
4 applicable to the claim. *Heaton v. Metro. Grp. Prop. & Cas. Ins. Co.*, No. CV-21-00442-  
5 PHX-SRB, 2021 WL 6805629, at \*8 (D. Ariz. Oct. 19, 2021). Under that ruling, an  
6 insured could collect up to the policy limits on each insured vehicle covered by the policy  
7 if they were not provided the opportunity to elect the applicable vehicle’s coverage. *Id.*  
8 The *Heaton* case was later settled and there was no appeal of Judge Bolton’s decision.

9 In April 2022, Class Counsel Hagens Berman filed *Franklin v. CSAA General*  
10 *Insurance Co.*, No. CV-22-00540-PHX-JJT, alleging the same theory against CSAA.  
11 *Franklin* was one of over twelve cases filed by Hagens Berman and/or its co-counsel  
12 here, the Slavicek Law Firm, during the 2022–2023 timeframe alleging the same theory  
13 of liability, including cases against Allstate, Liberty Mutual, Safeco, Travelers, American  
14 Family, Amica, Pekin Insurance, and Farmers Insurance Group entities. ECF No. 51 at 2  
15 n.2.

16 This case against Defendants is one of those suits. Proposed Class Counsel spent  
17 significant time and resources investigating *Franklin* and these related cases with the  
18 intention of coordinating litigation efforts across the cases. ECF No. 51-2 ¶ 3.

19 As luck would have it, *Franklin* became a standard-bearer for the parallel cases  
20 because it begat an Arizona Supreme Court ruling affecting all the others. Citing the  
21 multiplicity of pending suits that presented the same UM/UIM stacking question, this  
22 Court certified two questions to the Arizona Supreme Court in *Franklin*:

23 (1) Does A.R.S. § 20-259.01 mandate that a single policy  
24 insuring multiple vehicles provides different underinsured  
25 motorist (UIM) coverages for each vehicle, or a single UIM  
coverage that applies to multiple vehicles?

26 (2) Does A.R.S. § 20-259.01(B) bar an insured from receiving  
27 UIM coverage from the policy in an amount greater than the  
28 bodily injury liability limits of the policy?

1 *Franklin v. CSAA Gen. Ins. Co.*, No. CV-22-00540-PHX-JJT, 2022 WL 16631090, at \*1,  
2 2–3 (D. Ariz. Nov. 2, 2022).

3 On February 21, 2023, Proposed Class Counsel Hagens Berman filed Franklin’s  
4 Supplemental Brief Regarding Certified Questions with the Arizona Supreme Court. ECF  
5 No. 51-2 ¶ 4. The defendant in *Franklin* similarly filed a supplemental brief that same  
6 day. *Id.* ¶ 5. In response to that briefing, four insurance companies and two insurance  
7 groups filed a total of five amicus briefs in support of CSAA, totaling seventy-four pages  
8 of briefing. *Id.* ¶ 6. Defendant Trumbull Insurance Company was one of the insurance  
9 companies that filed an amicus brief in the *Franklin* matter. *Id.* ¶ 7. Hagens Berman filed  
10 a combined response to all five amicus briefs, which consisted of thirty-eight pages of  
11 additional briefing. *Id.* ¶ 8. The Slavicek Law Firm, co-counsel in this case, filed a  
12 separate amicus brief. *Id.* ¶ 9. The Arizona Supreme Court held oral argument on the  
13 certified questions on April 18, 2023. *Id.* ¶ 10. John DeStefano of Hagens Berman argued  
14 those certified questions before the court. *Id.* ¶ 11.

15 On July 28, 2023, the Arizona Supreme Court answered the certified questions in  
16 favor of plaintiff:

17 We hold that § 20-259.01 mandates that a single policy  
18 insuring multiple vehicles provides different UIM coverages  
19 for each vehicle. Notwithstanding creative policy drafting  
20 intended to evade statutory requirements—including technical  
21 definitions of coverages and extensive limitation of liability  
22 clauses—insurers seeking to prevent insureds from stacking  
23 UIM coverages under a single, multi-vehicle policy must  
24 employ subsection (H)’s sole prescribed method for limiting  
25 stacking. We also hold that § 20-259.01(B), by its plain  
26 language and non-stacking function, does not bar an insured  
27 from receiving UIM coverage from the policy in an amount  
28 greater than the bodily injury or death liability limits of the  
policy.

17 *Franklin v. CSAA Gen. Ins. Co.*, 255 Ariz. 409, 532 P.3d 1145, 1146–47 (2023). The  
18 court explained that although the text of A.R.S. § 20-259.01 is “ambiguous, . . . the  
19 statute’s history and purpose clearly indicate that multi-vehicle policies provide separate  
20  
21  
22  
23  
24  
25  
26  
27  
28

1 UIM coverages for each vehicle.” *Id.* at 1148. The court found that subsection (H)  
2 provides “the sole means by which insurers may limit UIM/UM stacking” and “to limit  
3 stacking under subsection (H), insurers must (1) expressly and plainly limit stacking in  
4 the policy and (2) satisfy the notice requirement informing the insured of their ‘right to  
5 select one policy or coverage’ either in the policy itself or in writing to the insured within  
6 thirty days after the insurer is notified of the accident.” *Id.* at 1148, 1151 (quoting A.R.S.  
7 § 20-259.01(H)). The court concluded:

8           In answering the certified questions, we hold that (1) § 20-  
9 259.01’s text, history, and purpose provide that an insured  
10 covered by a multi-vehicle policy has necessarily “purchased”  
11 multiple UIM coverages for each vehicle under subsection  
12 (H); thus, rather than employing singular definitions of  
13 “coverage” in their policies, insurers must comply with the  
14 statute’s requirements in order to prevent insureds from intra-  
15 policy stacking; and (2) § 20-259.01(B) does not limit UIM  
16 coverage.

14 *Id.* at 1153.

15 **B. Class Counsel took this case when its success was uncertain.**

16           On August 11, 2022—while *Franklin* was pending but before this Court certified  
17 questions to the Arizona Supreme Court, Plaintiff Charles Miller filed this case in  
18 Maricopa County Superior Court. ECF No. 1-3. Like the plaintiff in *Franklin*, Miller’s  
19 and the claims of the Settlement Class here relate to stacking UM/UIM coverage. Miller  
20 alleges that he was injured in a collision on December 13, 2019, he suffered injuries in  
21 excess of \$170,000, and the non-party at fault was uninsured. ECF No. 1-3 ¶¶ 7–12. At  
22 the time of the collision, Miller was an insured under a Trumbull policy insuring four  
23 vehicles, with UM coverage of \$50,000 per person and an aggregate limit of \$100,000  
24 per collision. *Id.* ¶ 14. If stacked, the per person coverages available to Mr. Miller would  
25 total \$200,000 (\$50,000 times four vehicles).

26           On September 9, 2021, Miller submitted a claim to Trumbull for UM benefits for  
27 all vehicles insured on the Trumbull policy. *Id.* ¶ 21. Trumbull paid Miller \$50,000—the  
28 policy limits on one of the vehicles—but refused to pay any claims for coverage on the

1 other three vehicles. *Id.* ¶¶ 22–23. Miller alleges that Trumbull failed to comply with the  
2 notice requirements of A.R.S. § 20-259.01(H). *Id.* ¶¶ 27–28. Specifically, Miller alleges  
3 that the limitation of liability policy language did not inform him of his right to select  
4 which coverage would apply, and that within 30 days of receiving notice of the collision,  
5 Trumbull also did not provide him written notice of his right to select which coverage  
6 would apply. *Id.* ¶¶ 26-28. Miller alleges because Trumbull did not inform him of his  
7 right to select which coverage would apply, he was entitled to stack coverage for all  
8 insured vehicles. *Id.* ¶ 29.

9 In this suit, Miller asserts claims for breach of contract and breach of the implied  
10 covenant of good faith and fair dealing, seeking declaratory relief, direct and  
11 consequential damages, and punitive damages. *Id.* ¶¶ 42–63. Miller also sought to certify  
12 two classes of similarly situated individuals under Arizona Rule of Civil Procedure  
13 23(b)(2) and (b)(3): (1) Trumbull’s insureds with UM claims under an Arizona policy  
14 that insured more than one vehicle who were paid the UM policy limits on one vehicle on  
15 the policy, but where Trumbull either failed or refused to pay UM benefits on any other  
16 vehicles on the policy; and (2) Trumbull’s insureds with UIM claims under an Arizona  
17 policy that insured more than one vehicle who were paid the UIM policy limits on one  
18 vehicle on the policy, but where Trumbull either failed or refused to pay UIM benefits on  
19 any other vehicles on the policy. *Id.* ¶¶ 71–72.

20 On September 14, 2022, Trumbull removed the case to this Court under 28 U.S.C.  
21 § 1332(d). ECF No. 1. On October 5, 2022, Trumbull filed a Motion to Certify Questions  
22 to the Arizona Supreme Court and filed a Motion to Dismiss. ECF Nos. 8–9. The Court  
23 denied the Motion to Certify, finding the “questions proposed by Defendant in this case  
24 are contemplated by the certified questions” in *Franklin*. ECF No. 17. The Court noted  
25 that Trumbull could file an amicus curiae brief in the *Franklin* matter, which it proceeded  
26 to do. *Id.* The Court also denied the Motion to Dismiss “with leave to refile after the  
27 Arizona Supreme Court’s decision on this Court’s request to accept and decide the  
28 certified questions proposed” in *Franklin*. *Id.* Last, the Court stayed the matter pending

1 the Arizona Supreme Court’s decision in *Franklin. Id.* On August 1, 2023, after *Franklin*  
2 was decided, the Court lifted the stay and ordered Trumbull to respond to the complaint.  
3 ECF No. 18.

4 Before the Arizona Supreme Court’s decision was issued in *Franklin*, Class  
5 Counsel was prepared to conduct full discovery and move for class certification. After the  
6 *Franklin* decision—wherein the Arizona Supreme Court spelled out the insurer’s stacking  
7 obligations under a multi-vehicle UM/UIM policy—the parties decided to engage in pre-  
8 certification settlement negotiations rather than litigate. ECF Nos. 19–20. On  
9 September 26, 2023, the parties filed a Joint Status Report, notifying the Court that a  
10 mediation was scheduled for November 8, 2023. ECF No. 21. As part of the mediation  
11 discussions, the parties agreed to negotiate toward settlement of all claims related to  
12 UM/UIM coverage for policies sold in Arizona by Trumbull, HICS, Twin City, HUIC,  
13 HICM, and HCIC (collectively “Hartford”), which are affiliated companies under  
14 common management. These discussions included claims brought in *Stacey Trent v.*  
15 *Hartford Insurance Company of the Southeast*, Case No. 2:23-cv-02105-PHX-JJT—a  
16 case transferred to this Court as a related matter. ECF Nos. 24, 29. As part of the global  
17 settlement discussions and due to a unique issue, Stacey Trent entered into an individual  
18 settlement with HICS and dismissed her individual claims with prejudice and dismissed  
19 any claims brought on behalf of the putative class without prejudice, but by agreement  
20 with Defendant those same putative class members are included in the Settlement here  
21 and are part of the Settlement Class.

22 In preparing for mediation, Hartford provided initial class member discovery and  
23 data to Plaintiff for the purposes of settlement, which it updated throughout the settlement  
24 process. ECF No. 51-2 ¶ 12. Specifically, for insureds that fit within the class definition  
25 (meaning they had exhausted the single-vehicle limit of UM/UIM coverage under a  
26 multi-vehicle policy, as detailed below), Hartford provided: (1) the policy effective and  
27 expiration dates; (2) the number of vehicles on the policy; (3) the date of loss; (4) the  
28 notice of loss date; (5) the type of coverage (UM/UIM); (6) the UM/UIM limits per

1 accident and per person; (7) the stacked coverage limit; (8) the amount paid; (9)  
2 anticipated future medicals; (10) specials billed; (11) medicals total; (12) lost wages; (13)  
3 other insurer payments; and (14) whether the insured signed a release. *Id.* ¶ 13. This  
4 information was provided without including any personal identifying information about  
5 the putative class members. *Id.* ¶ 14. Class Counsel hired an expert to calculate damages  
6 for each of the insureds that fit within the class definition. Class Counsel's expert  
7 projected final assessment of the value of the UM/UIM insurance benefits owed to the  
8 Settlement Class at \$8.7 million.

9 Class Counsel also drafted a seventeen-page mediation memo and Hartford  
10 prepared a nine-page mediation letter, which the parties exchanged. *Id.* ¶ 15. Plaintiff  
11 explained in his mediation memo that if the parties went to trial, Plaintiff would seek  
12 compensatory damages, interest, and punitive damages. *Id.* ¶ 16.

13 On November 8, 2023, the parties participated in a full day, in-person mediation in  
14 Norwalk, Connecticut, with David Geronemus, an experienced mediator with experience  
15 in class action and insurance coverage disputes. Despite spending more than twelve hours  
16 in active negotiations, the parties did not settle that day and agreed to a second mediation.  
17 The parties participated in a second mediation with Mr. Geronemus via Zoom on January  
18 23, 2024. While the parties did not settle at the second mediation, they made progress and  
19 continued to negotiate over the next several months. After many months of negotiations  
20 facilitated by Mr. Geronemus, the parties agreed on the key terms of the settlement,  
21 executing a detailed Term Sheet on May 29, 2024. ECF No. 39. The parties then entered  
22 into the final Settlement Agreement on June 27, 2024, agreeing to settle the case for  
23 \$13,940,000.00. ECF No 51-1. The average recovery for the Settlement Class Members  
24 is \$38,830.<sup>1</sup>

number of class members.

### III. ARGUMENT

1  
2 Plaintiff respectfully requests an award of \$4,182,000 in attorney’s fees—equal to  
3 30% of the \$13.94 million common fund. Applying a lodestar cross-check, Class  
4 Counsel’s request would result in a multiplier between 2.23 and 4.08. Class Counsel’s  
5 current and projected lodestar through final approval is \$1,023,822.50, which results in a  
6 multiplier of 4.08.<sup>2</sup> As described more fully below, Class Counsel also has an additional  
7 lodestar of \$507,717.50, which was not billed to Miller or Trent but to Hagens Berman’s  
8 general stacking number. That additional lodestar reflects efforts that benefit the stacking  
9 cases on issues common to them, such as the development of issues relating to the  
10 *Franklin* appeal and the development of damages models that would support a litigation  
11 class. While not limited to this proceeding, that time has contributed significantly to the  
12 legal theory and result in this case. Additionally, if there are any unclaimed funds or an  
13 appeal, Class Counsel anticipates expending up to an additional \$300,000 in lodestar.  
14 Accounting for these additional fees, Class Counsel’s multiplier could be as low as 2.23.  
15 Plaintiff also requests additional reimbursement of expenses incurred in connection with  
16 this litigation of \$50,450.16. Finally, Plaintiff requests that this Court grant a service  
17 award of \$7,500 to Charles Miller.

#### A. Class Counsel’s eligibility and entitlement to fees.

18  
19 The Supreme Court has explained that “a litigant or a lawyer who recovers a

21 <sup>2</sup> Class Counsel’s lodestar is calculated using their currently hourly rates to fairly  
22 compensate them for the time value of money. *See In re HPL Techs., Inc. Sec. Litig.*, 366  
23 F. Supp. 2d 912, 919 (N.D. Cal. 2005) (using current hourly rates in lodestar cross-check  
24 because it “simplifies the calculation and accounts for the time value of money in that  
25 lead counsel has not been paid contemporaneously”). The lodestar goes through  
26 approximately October 19, 2024. Class Counsel anticipate additional fees that include:  
27 the drafting of this motion, drafting a reply to this motion (if needed), calling Class  
28 Members, responding to class member inquires, working with Class Members to settle all  
medical liens, drafting the motion for final approval (including responding to any  
objections), attending the final approval hearing, and distribution of the Settlement. Class  
Counsel also may have to deal with an appeal or unclaimed funds, which would further  
increase their lodestar.

5 without contributing to its cost are unjustly enriched at the successful litigant's expense.

7 by assessing attorney's fees against the entire fund, thus spreading fees proportionately  
8 among those benefited by the suit." *Boeing*, 444 U.S. at 478 (citation omitted). As  
9 described above, this case was brought under Federal Rule of Civil Procedure 23 as a  
10 class action. The parties settled the case for a common fund of \$13.94 million, which the  
11 Court preliminarily approved. ECF No. 52. As ordered by the Court, Class Counsel is  
12 entitled to recover fees.

13 **B. Class Counsel's fee request is reasonable.**

14 Here, an award of reasonable attorneys' fees from the common fund compensates  
15 Class Counsel for vigorously litigating this action on behalf of Arizona insureds who did  
16 not receive their promised contractual benefits.

 5 empirical study of attorneys’ fees in class action settlements that from 2009–2013, the

 7 lodestar check). *Cf. Kim v. Allison*, 8 F.4th 1170, 1181 (9th Cir. 2021) (lodestar method  
 8 “is especially appropriate in class actions where the relief sought—and obtained—is ...

 10 Ninth Circuit encourages “a cross-check using the other method.” *In re Online DVD-*  
 11 *Rental Antitrust Litig.*, 779 F.3d 934, 949 (9th Cir. 2015). Here, both methods support  
 12 Class Counsel’s fee request.

13 **1. A 30% award is reasonable under a percentage-of-the-fund analysis.**

14 When awarding a reasonable common fund fee award in the Ninth Circuit, courts  
 15 generally start with the 25% benchmark and adjust upward or downward depending on  
 16 six factors:

- 17 (1) The extent to which class counsel achieved exceptional results for the class;
- 18 (2) Whether the case was risky for class counsel;
- 19 (3) Whether counsel’s performance generated benefits beyond the cash fund;
- 20 (4) The market rate for the particular field of law (in some circumstances);
- 21 (5) The burdens class counsel experienced while litigating the case (e.g., cost,  
 22 duration, foregoing other work); and
- 23 (6) Whether the case was handled on a contingency basis.

24  
 25 *In re Online DVD-Rental Antitrust Litig.*, 779 F.3d at 949, 954–55. Each factor supports  
 26 Class Counsel’s request for a total fee award of 30% of the common fund.

1                   **a.       Class Counsel achieved excellent results for the Class.**

2                   Recovery of \$13.94 million is an excellent result for the Settlement Class. Class  
3 Counsel litigated an undecided issue of Arizona law and prevailed at the Arizona  
4 Supreme Court, with opposition from the insurance industry which included briefing  
5 from two insurance company trade associations, one insurance agents' and brokers'  
6 association, and several major carrier defendants who were battling similar claims. Class  
7 Counsel also worked with a highly qualified economist and statistician to project the  
8 value of the UM/UIM insurance benefits owed to the Settlement Class. Carey Decl. ¶ 24.  
9 As described below in section III(B)(1)(c), this calculation was developed based on Class  
10 Counsel's extensive experience with insurance litigation to address the risks usually  
11 associated with certifying damages classes involving personal injuries by highlighting  
12 that the damages in this case are a function of a limited range of *contract* benefits that  
13 can be modeled based on historical settlement amounts. Their expert valued the benefits  
14 at \$8.7 million, based upon the insurance company's own claim data, analysis of the  
15 distribution of past UM/UIM settlement values from Defendants' files, and independently  
16 developed models of censored settlement values. *Id.* With Plaintiff's threat of interest and  
17 punitive damages awards, the parties settled for \$13.94 million, giving the Class 160% of  
18 their projected benefits. Even after paying Class Counsel 30% of the settlement fund,  
19 paying for costs, and paying an incentive award, the Class will receive over \$9.6  
20 million—a solid, and arguably full, recovery as measured against the estimated benefits  
21 due to them.

22                   **b.       Class Counsel's performance generated benefits beyond the**  
23                   **Settlement fund.**

24                   Defendants changed how they process UM/UIM claims because of this lawsuit.  
25 They have changed their policy language, provide their insureds with the proper notice,  
26 and allow their insureds to select which coverage will apply to their UM/UIM claims.  
27 *See, e.g., Vizcaino v. Microsoft Corp.*, 290 F.3d 1043, 1046, 1049 (9th Cir. 2002)  
28 (litigation caused defendant to change its employee benefit practices); *Larsen v. Trader*

1 *Joe's Co.*, No. 11-CV-05188-WHO, 2014 WL 3404531, at \*9 (N.D. Cal. July 11, 2014)  
2 (Trader Joe's stopped using the label at issue because of the litigation). The economic  
3 value of this case to consumers goes far beyond the amount paid into the common fund  
4 itself. This factor weighs in favor of an upward adjustment.

5 **c. This case posed significant risks and challenges.**

6 Class Counsel initiated and litigated this case before there was any certainty by an  
7 Arizona state court that Plaintiff's interpretation of A.R.S. § 20-259.01 was correct or  
8 that insurers in Arizona were processing their UM/UIM claims incorrectly. Multiple  
9 insurance companies and groups, including Defendants, opposed Class Counsel's efforts  
10 to recover stacked coverage for insureds in Arizona. Class Counsel responded to all of  
11 those groups in a highly contested argument in front of the Arizona Supreme Court and  
12 prevailed. Additionally, Defendants in this case were represented by highly respected and  
13 competent counsel. While Plaintiff maintains that Arizona law on the present stacking  
14 question was clearly foreshadowed by existing precedent and the plain text of the statute,  
15 Defendants were expected to fiercely oppose any recovery of interest and punitive  
16 damages beyond what the policy itself provided. And even as to the recovery of  
17 insurance benefits themselves, the course of discovery and briefing would hinge on many  
18 aspects of Court discretion and the inherent uncertainties involved with the testimony of  
19 witnesses, the availability of documentary evidence, and the complexities of the  
20 factfinding process including any jury trial and any resulting appeal on the merits.

21 Moreover, counsel's risks in litigating a class action of this magnitude are  
22 significant. The jury trial process is inherently risky, and Plaintiff would face aggressive  
23 factual and legal opposition to his claims of bad faith on the part of Defendants and the  
24 amount of damages appropriate in the case. Even assuming complete victory on the  
25 merits—which is never a guarantee—Class Counsel would face aggressive opposition to  
26 the certification of any class, let alone a multimillion-dollar damages class. Defendants  
27 would be expected to assert challenges to class certification based on limitations periods  
28 and the fact that some class members signed releases. In addition, this case involves

1 claims arising out of tortious personal injury situations, giving rise to a perception that  
2 such claims cannot be certified as a class because of the individualized factors such  
3 claims must take into account. Defendants in these cases have generally contended that  
4 individualized issues regarding the UM/UIM claims of the class would predominate over  
5 common issues and that damages cannot be modeled on a classwide basis. Carey Decl. ¶  
6 26. Defendants have also opposed certification of any declaration or injunction-only class  
7 on similar grounds. *Id.*

8 Class Counsel's extensive experience with first-party insurance class claims  
9 enabled them to show the insurers that these claims were based in contract obligations  
10 (and tortious bad faith under the contract) that did not require a full valuation of the tort  
11 claim, but only a reasonable, aggregate estimate of what the insurer would have settled  
12 the claims for the class for under stacked policy limits. Class Counsel developed a  
13 damages model based on expert testimony relating to historical settlements and statistical  
14 tools. Due to each insurer's breach, insureds had no way to go back in time to develop  
15 evidence on what they could have produced to justify their claims. Data from the insurers  
16 together with common statistical tools for this very type of data gap produced a reliable,  
17 reasonable estimate of aggregate damages. Accordingly, Plaintiff believes that classwide  
18 proof of liability and a classwide damages model can be presented that readily meet the  
19 requirements of Rule 23, but even upon such a finding Defendants would be expected to  
20 seek a lengthy and costly appeal under Rule 23(f), delaying the recovery of benefits for  
21 the class by many months if not years.

22 **d. Class Counsel's litigation on a contingency basis supports the fee**  
23 **request.**

24 The Ninth Circuit has held that a fair fee award must include consideration of the  
25 contingent nature of the fee. *Online DVD*, 779 F.3d at 954-55 & n.14; *Vizcaino*, 290 F.3d at  
26 1050. And it is well-established that attorneys who take on the risk of a contingency case  
27 should be compensated for the risk they assume. *E.g.*, *Vizcaino*, 290 F.3d at 1051.  
28

1 Here, the contingent nature of Class Counsel’s engagement—in a case that was  
2 extremely risky given its complexity and magnitude, as described above—incentivized  
3 counsel to achieve excellent results for the Settlement Class. Class Counsel did  
4 absolutely everything it could to maximize the Settlement Class’s recovery and settled  
5 once it had an Arizona Supreme Court decision that supported their position.

6 **e. The market rate for class action lawyers with the experience of**  
7 **Class Counsel supports the 30% fee request.**

8 “Where evidence exists, such as here, about the percentage fee to which some  
9 plaintiffs agreed *ex ante*, that evidence may be probative of the fee award’s  
10 reasonableness.” *Vizcaino*, 290 F.3d at 1050. The “prosecution and management of a . . .  
11 class action requires unique legal skills and abilities.” *In re Omnivision Techs., Inc.*, 559  
12 F. Supp. 2d 1036, 1047 (N.D. Cal. 2008) (citations omitted). “The importance of assuring  
13 adequate representation for plaintiffs who could not otherwise afford competent attorneys  
14 justifies providing those attorneys who do accept matters on a contingent-fee basis a  
15 larger fee than if they were billing by the hour or on a flat fee.” *Id.* Many of the insureds  
16 here were previously represented by counsel but those attorneys did not secure their  
17 clients the full UM/UIM benefits. It is well known that private counsel entering into a  
18 contingent fee agreement for these types of cases (particularly insurance bad faith in the  
19 context of an automobile injury) routinely request and receive a fee of 40% of the gross  
20 recovery. Carey Decl. ¶ 27. Class members here are receiving elite representation with a  
21 25% discount from market without having to expend the time and effort to investigate  
22 and retain an attorney who was familiar with the basis for this claim. Courts in this  
23 District and in the Ninth Circuit routinely award class counsel fees ranging between 28–  
24 33%. *Vizcaino v. Microsoft Corp.*, 290 F.3d 1043, 1046, 1050 (9th Cir. 2002) (approving  
25 award of 28% of \$96 million common fund); *In re Pac. Enterprises Sec. Litig.*, 47 F.3d  
26 373, 379 (9th Cir. 1995) (awarding 33% of the \$12 million common fund); *Saliba*, 2021  
27 WL 4775105, at \*7 (awarding attorneys’ fees totaling 28% of the common fund); *Avila v.*

2 2020) (awarding 30% of the settlement fund).

3 **f. The burdens Class Counsel faced support the fee request.**

4 Class Counsel has and will continue to devote substantial time to this litigation—  
5 over 1,700 hours on cases against these Defendants and for Hagens Berman’s general  
6 stacking number, for a lodestar of almost \$1.2 million—foregoing significant amounts of  
7 other work to litigate this case. Carey Decl. ¶¶ 33, 34. And Class Counsel anticipates  
8 spending another 600 plus hours and \$350,000 to finalize this case as described below. In  
9 launching this litigation, Class Counsel engaged in extensive efforts to research Arizona  
10 law, conform theories of liability to the requisites of Rule 23, understand the relevant  
11 intersections with state-law regulations, develop a damages model that Plaintiff believes  
12 will support a classwide award, manage relationships and expectations among clients,  
13 hire experts, obtain and analyze relevant damages data, and pursue a protracted, months’-  
14 long mediation process to its conclusion. Class Counsel expended this time with no  
15 guarantee of success, prepared to pursue this case without payment through trial and  
16 appeal if necessary. Plaintiff’s counsel has also incurred and advanced substantial costs  
17 associated with experts and the mediation process, costs which were necessarily at risk  
18 given the contingent nature of any cost recovery this litigation.

19 **2. The lodestar cross-check confirms the reasonableness of the requested**  
20 **fees.**

21 “[W]hile the primary basis of the fee award remains the percentage method,” the  
22 lodestar cross-check “may provide a useful perspective on the reasonableness of a given  
23 percentage award.” *Vizcaino*, 290 F.3d at 1050. Over the course of the cases against  
24 Defendants, Class Counsel incurred a total lodestar of \$673,762.50, based on 744.9 hours  
25 of work through October 23, 2024. Carey Decl. ¶ 25. Class Counsel anticipates spending  
26 an additional \$350,000 (or approximately 660 hours of work across attorneys, paralegals,  
27 and law clerks) to finish the briefing in this case (including the drafting of this motion),  
28 reach out all Class Members and respond to Class Member inquiries, handle any Class

1 Member medical liens,<sup>3</sup> prepare for and attend the final approval hearing, and assist with  
2 final distribution. Carey Decl. ¶ 28. This will bring the total lodestar to \$1,023,822.50. *Id.*  
3 The requested fee award of 30% of the common fund, or \$4.182 million, represents a  
4 maximum multiplier of 4.08. Class Counsel also anticipates spending up to an additional  
5 \$300,000 if they need to litigate what to do with any unclaimed funds and defend the  
6 Settlement on appeal. *Id.* ¶ 29. If such work has to be done, it could increase the fees to  
7 \$1,323,822.50 and reduce the multiplier to 3.15. *Id.*

8 More importantly, the current and anticipated lodestar does not reflect all the work  
9 that was done to obtain the settlement in this case, which would reduce the multiplier  
10 further if considered. As Class Counsel has brought multiple related actions, Hagens  
11 Berman also billed 788.1 hours to their general stacking matter number, totaling  
12 \$507,717.50, which includes time spent researching and developing the legal theories for  
13 this case, developing a damages model, and responding to the multitude of amicus briefs  
14 filed in the *Franklin* matter at the Arizona Supreme Court—work which directly  
15 benefited this Settlement Class. Carey Decl. ¶ 30. One of those amicus briefs was filed by  
16 Defendant Trumbull. *Id.* ¶ 31. If the Court credited Class counsel with 100% the general  
17 time, none of which has been compensated to date, Class Counsel’s total fees would  
18 range between \$1,531,540.00 and \$1,831,540.00 million (depending on whether there are  
19 unclaimed funds and/or an appeal), which would be a multiplier of 2.28 to 2.73. *Id.* ¶ 32.  
20 Even if the Court only credits Class Counsel with 25% of the Hagens Berman general  
21 fund, that would increase the total fees to a range between \$1,150,752.00.00 and  
22 \$1,450,752.50 million (depending on whether there are unclaimed funds and/or an  
23 appeal), which would be a multiplier of 2.88 to 3.64. *Id.* ¶ 33. These multipliers are  
24 within the range of similar settlements. *E.g.*, *Vizcaino*, 2901 F.3d at 1051 (approving fee  
25 request that resulted in a 3.65 multiplier); *Zwicky v. Diamond Resorts Inc.*, No. CV-20-

12 \$1,000 an hour. Carey Decl. ¶¶ 10, 18. Hagens Berman’s paralegal rates are \$275–\$350

4 (D. Ariz. Apr. 21, 2020) (finding “that Class Counsel’s hourly rates are reasonable and in  
5 line with the prevailing rates in the community for complex class action litigation,”  
6 including Hagens Berman); *In re Lifelock, Inc. Mktg. & Sales Pracs. Litig.*, No. MDL 08-  
7 1977-MHM, 2010 WL 3715138, at \*9 (D. Ariz. Aug. 31, 2010) (“In the instant case, the  
8 Court finds that Class Counsel’s rates are the competitive hourly rates in their respective  
9 legal communities for litigating cases of this sort—complex consumer class action.”). As  
10 recently as February 2024, this District has approved Hagens Berman’s rates as  
11 reasonable. Carey Decl. ¶ 37 (approving fee award in *In re Theranos, Inc. Litigation*,  
12 including Hagens Bermans and Mr. Carey’s fees). And in common fund cases, “[t]he  
13 Ninth Circuit has instructed that because the amount of fees is often open to dispute and  
14 because the parties [have] compromise[ed] to avoid further disputes, the district court  
15 need not inquire into the reasonableness of fees with the same level of scrutiny as when  
16 the amount of fees is litigated.” *Zwicky*, 2024 WL 1717553, at \*5 (quoting *Wood v.*  
17 *Ionatron, Inc.*, 2009 WL 10673479, at \*5 (D. Ariz. Sept. 28, 2009)).

18 Additionally, co-counsel’s rates in this case are similar rates charged by Hagens  
19 Berman, establishing the market rate for such attorneys in Phoenix. Lewis Roca  
20 Rothberger Christie similarly charges from \$660 to \$750 an hour for a partner and \$265  
21 for its paralegal. Hulsman Decl. ¶ 8. Goldstein Woods charges \$750 per hour for partners  
22 and \$250 for its paralegals. Goldstein Decl. ¶ 6. The Slavicek Firm charges from \$600 to  
23 \$800 for senior counsel, of counsel, associates, and staff attorneys, and \$150 per hour for  
24 paralegals. Henry Decl. ¶ 18.

25 Last, Class Counsel requests that the Court recognize that the task- and counsel-  
26 based time records are sufficient for cross check purposes, obviating the need for an  
27 itemized statement under Local Rule 54.2(e). The purpose of the percentage-of-the-fund  
28 method is to reduce “the burden on the courts that a complex lodestar calculation

1 requires,” and instead allows courts “to focus on showing that a fund conferring benefits  
2 on a class was created through the efforts of plaintiffs’ counsel.” *In re Apple Inc. Device*  
3 *Performance Litig.*, No. 5:18-MD-02827-EJD, 2021 WL 1022866, at \*2 (N.D. Cal. Mar.  
4 17, 2021) (citations omitted). Here, Class Counsel have provided the dates each attorney  
5 worked on the case, the tasks they performed, the amount of time each attorney billed,  
6 and a breakdown of all the task codes used in this case. This is sufficient information to  
7 allow the Court to perform the lodestar cross check. If the Court finds this information is  
8 insufficient, Class Counsel requests leave to supplement this Motion with more specific  
9 information.

10 **3. Class Counsel’s fee request is reasonable applying the factors outlined**  
11 **in the Local Rules.**

12 The Local Rules of this District require that in addressing the reasonableness of a  
13 fee award, Class Counsel to address the following factors:

- 14 (A) The time and labor required by counsel;
- 15 (B) The novelty and difficulty of the questions presented;
- 16 (C) The skill requisite to perform the legal service  
17 properly;
- 18 (D) The preclusion of other employment by counsel  
because of the acceptance of the action;
- 19 (E) The customary fee charged in matters of the type  
20 involved;
- 21 (F) Whether the fee contracted between the attorney and  
22 the client is fixed or contingent;
- 23 (G) Any time limitations imposed by the client or the  
circumstances;
- 24 (H) The amount of money, or the value of the rights,  
25 involved, and the results obtained;
- 26 (I) The experience, reputation and ability of counsel;
- 27 (J) The “undesirability” of the case;
- 28

- 1 (K) The nature and length of the professional relationship  
2 between the attorney and the client;
- 3 (L) Awards in similar actions; and
- 4 (M) Any other matters deemed appropriate under the  
5 circumstances.

6 LR 54.2(c)(3).

7 While not all of the factors in LR 54.2(c) apply to common funds—and Plaintiff  
8 has already addressed most of these factors—Plaintiff will address each factor briefly.

9 The time and labor required by Class Counsel is included in the lodestar cross-  
10 check in Section III(B)(2) above, and describes the time and labor required by Class  
11 Counsel. The novelty and difficulty of the questions is addressed in Section III(B)(1)(c)  
12 and (f)—Class Counsel brought a case involving complex issues of insurance law and  
13 class certification and succeeded in recovering for the class. The skill requisite to perform  
14 the work is similarly addressed throughout this motion: This case required knowledge of  
15 both consumer class action and insurance law, which Class Counsel has. Additionally, it  
16 required sophisticated appellate work by an experienced appellate attorney on Class  
17 Counsel’s team. Carey Decl. ¶ 14.

18 As addressed above, Class Counsel had to forgo other work to bring this case (and  
19 the related cases). The customary fee charged in these types of cases is only partially  
20 relevant. Class cases do not charge a set fee, but an award of 25-33% of a common fund  
21 case is typical in this district. And a fee agreement in breach of contract/insurance bad  
22 faith case would typically be a contingent fee of 40%. Carey Decl. ¶ 27. The fee contract  
23 is inherently contingent—Plaintiff entered into a Rights and Responsibilities Agreement  
24 that leaves the fee award to the Court, as it is the Court that determines what the  
25 Settlement Class should pay to Class Counsel out of the recovery. *Id.* ¶ 38. Here there is  
26 no time limitation imposed by the client or the circumstances. As described above, the  
27 amount of money in this case is significant and each Class Member will receive a large  
28 recovery. And Class Counsel obtained excellent results for the Settlement Class. As

1 described above, Class Counsel are highly experienced and reputable counsel. The  
 2 undesirability of the case is touched on above: Other Arizona lawyers had not taken up  
 3 this issue. Class Counsel took an issue that had not been decided and obtained an Arizona  
 4 Supreme Court decision in the insureds' favor. The length and nature of the attorney-  
 5 client relationship is not relevant in a common fund case where the attorneys represent  
 6 the class as a whole. Last, Class Counsel has already addressed what courts award in  
 7 similar cases in Section III(B)(1)(e) above. The requested fees are reasonable.

8 **C. Class Counsel request reimbursement of reasonable out-of-pocket expenses  
 9 incidental and necessary to the effective representation of the Class.**

10 Plaintiff requests reimbursement of out-of-pocket expenses of \$50,458.36. Carey  
 11 Decl. ¶ 25. Courts reimburse attorneys prosecuting class claims on a contingent basis for  
 12 “reasonable expenses that would typically be billed to paying clients in non-contingency  
 13 matters, i.e., costs incidental and necessary to the effective representation of the Class.”  
 14 *In re Capacitors Antitrust Litig.*, No. 3:14-CV-03264-JD, 2018 WL 4790575, at \*6 (N.D.  
 15 Cal. Sept. 21, 2018) (citations omitted, cleaned up). “Under the common fund doctrine,  
 16 plaintiffs’ counsel should receive reimbursement of all reasonable out-of-pocket expenses  
 17 and costs in prosecution of the claims and in obtaining a settlement.” *Id.* (citing cases and  
 18 listing expenses).

19 The total expenses for which Plaintiff seeks reimbursement are broken down by  
 20 category in the supporting declaration and exhibits. Carey Decl. ¶¶ 19-21; Henry Decl.  
 21 ¶ 20; Goldstein Decl. ¶ 11. Class Counsel funded all litigation expenses. Carey Decl.  
 22 ¶ 21. The largest categories of expenses were the mediation at \$31,291.24, travel  
 23 expenses for the mediations at \$10,858.88, and experts/consultants at \$5,932.00. *Id.* ¶ 25.  
 24 The requested costs are necessary and reasonable to prosecute this case and were made  
 25 for the benefit of the Settlement Class. Carey Decl. ¶¶ 22–23.

26 **D. Plaintiff requests that the Class Representative be awarded reasonable  
 27 service awards to compensate them for the time and dedication to this case.**

28 Plaintiff requests service awards for the class representatives in the amount of  
 \$7,500 to Charles Miller. Service “awards are fairly typical in class action cases.”

1 *Rodriguez v. W. Publ'g Corp.*, 563 F.3d 948, 958 (9th Cir. 2009). In the Ninth Circuit,  
2 service awards “compensate class representatives for work done on behalf of the class, to  
3 make up for financial or reputational risk undertaken in bringing the action, and,  
4 sometimes, to recognize their willingness to act as a private attorney general.” *Id.* at 958–  
5 59. Courts may approve service awards based on the risk to the class representative, the  
6 time and effort spent, the duration, and the personal benefit (or lack thereof) as a result of  
7 the litigation. *E.g.*, *Van Vracken v. Atl. Richfield Co.*, 901 F. Supp. 294, 299 (N.D. Cal.  
8 1995). “In the Ninth Circuit, an incentive award of \$5,000 is ‘presumptively  
9 reasonable,’” and may be adjusted up or down depending on effort. *Sonoma Sol LLLP v.*  
10 *Truck Ins. Exch.*, No. CV-20-00069-PHX-DJH, 2021 WL 5238711, at \*6 (D. Ariz. Nov.  
11 9, 2021) (citations omitted). Here, a slightly higher award is reasonable. Miller has been  
12 actively involved in this litigation and without his willingness to come forward and  
13 prosecute the action, the Settlement Class Members would have received nothing for  
14 their injuries. Plaintiff spent significant time assisting Class Counsel in investigating and  
15 prosecuting this action. Plaintiff assisted with drafting his factual allegations in the  
16 Complaint, and was involved in the settlement process, including traveling from Arizona  
17 to Connecticut over the course of three days, to attend an all-day, in person mediation.  
18 Carey Decl. ¶ 35. Miller also gave up what he could have recovered in an individual  
19 action, which could have been higher had he proceeded to verdict, to litigate this case and  
20 reach a settlement that benefits others like him. *Id.* ¶ 36. Given Miller’s efforts and the  
21 significant amount the Class Members will receive, an award of \$7,500 is reasonable. *See*  
22 *Julian v. Swift Transportation Co. Inc.*, No. CV-16-00576-PHX-ROS, 2020 WL  
23 6063293, at \*3 (D. Ariz. Oct. 14, 2020) (finding award of \$15,000 reasonable where  
24 plaintiff traveled to Phoenix for his deposition and considering amounts other class  
25 members would receive).

26 **E. The Class received adequate notice of Class Counsel’s fee application.**

27 Class Counsel have provided the Class sufficient notice of the requested fees and  
28 the opportunity to review and evaluate this fee request before the deadline for objections.

1 *See In re Mercury Interactive Corp. Sec. Litig.*, 618 F.3d 988, 995 (9th Cir. 2010). The  
2 class notice advised Settlement Class Members that “Class Counsel will ask the Court for  
3 attorneys’ fees based on their services in this litigation, not to exceed 30% of the  
4 Settlement Fund, reimbursement of up to \$60,000 in current and ongoing litigation  
5 expenses, and up to \$7,500 as a service award for the Plaintiff serving as Class  
6 Representative” ECF No. 51-3 at 6. This motion is being provided on the settlement  
7 website thirty days before the deadline for requests for exclusion or objections to the  
8 settlement. ECF No. 52 at 14.

9  
10 **IV. CONCLUSION**

11 For the foregoing reasons, Plaintiff respectfully requests an award of  
12 \$4,182,000.00 in attorneys’ fees, reimbursement of expenses incurred totaling  
13 \$50,458.36, and a service award to class representative Charles Miller of \$7,500.

15 Charles Miller,

16 Plaintiff,

18 Trumbull Insurance Company, Hartford  
19 Insurance Company of the Southeast, Twin

Case No. 2:22-cv-01545-PHX-JJT

**DECLARATION OF ROBERT B.  
CAREY IN SUPPORT OF  
PLAINTIFF'S MOTION FOR  
ATTORNEYS' FEES, EXPENSES,  
AND SERVICE AWARDS**

(Assigned to the Honorable John J. Tuchi)

24  
25  
26  
27  
28

1 I, Robert B. Carey, do hereby declare under penalty of perjury, pursuant to 28  
2 U.S.C. § 1746, that the following is true and correct:

3 1. I am an attorney admitted in this litigation, the Phoenix Managing Partner  
4 of the law firm Hagens Berman Sobol Shapiro LLP (“Hagens Berman”), and counsel of  
5 record for the Plaintiff in *Charles Miller v. Trumbull Insurance Company, Hartford*  
6 *Insurance Company of the Southeast, Twin City Fire Insurance Company, Hartford*  
7 *Underwriters Insurance Company, and Hartford Insurance Company of the Midwest*, No.  
8 2:22-cv-01545-PHX-JJT (D. Ariz). I could and would competently testify to the matters  
9 stated in this declaration based on my personal knowledge or discussions with counsel in  
10 my firm.<sup>1</sup>

11 2. On August 13, 2024, this Court appointed Hagens Berman to serve as Class  
12 Counsel for the Settlement Class (“Class Counsel”) (Doc No. 52).

13 3. I am a partner in Hagens Berman. I submit this declaration in support of  
14 Plaintiff’s Motion for Attorneys’ Fees, Expenses, and Service Awards.

15 4. Hagens Berman is among the most experienced and skilled practitioners in  
16 the complex class-action litigation field and has a long and successful track record in  
17 such cases. Hagens Berman is a nationally recognized law firm, with offices in Seattle,  
18 Berkeley, Boston, Chicago, Los Angeles, New York, Phoenix, San Diego, and London,  
19 England. We have been consistently rated by the National Law Journal as one of the top  
20 ten plaintiffs’ firms in the country. The firm has extensive experience litigating complex  
21 class actions involving product liability, tort, antitrust, consumer fraud, insurance,  
22 securities, investment fraud, employment, environmental, and ERISA claims. Hagens  
23 Berman has been approved by courts to serve as class counsel in hundreds of class  
24 actions, including cases in this District. Hagens Berman’s willingness and ability to

---

25  
26 <sup>1</sup> Local Rule 54.2(d)(1) requires a statement of consultation. Such a statement of  
27 consultation is not necessary here as the parties have already agreed that Plaintiff may  
28 seek up to 30% of the common fund as part of the Settlement Agreement, and because it  
is the Court that determines what reasonable fee the Settlement Class should pay.

1 prosecute complex cases such as this was undoubtedly a factor that encouraged  
2 Defendants to engage in settlement discussions, and added valuable leverage in the  
3 negotiations, ultimately resulting in the recovery for the Class. Hagens Berman Firm  
4 Resume (Exhibit 1).

5 5. My firm and I have significant experience prosecuting consumer class  
6 actions against insurance companies. Besides this case, we are lead counsel by agreement  
7 on the following early cases filed in the District of Arizona which involve stacking of  
8 insurance claims similar to the claims made in this case:

9 *Dale v. Travelers Prop. & Cas. Ins. Co.*, CV-22-01659-PHX-SPL

23 6. My firm was appointed interim lead class counsel for the following cases in  
24 the District of Arizona which involve stacking of insurance claims similar to the claims  
25 made in this case:

26 *Caballero v. Economy Preferred Ins. Co., et al*, CV-22-02023-PHX-MTL

27 *Lopez v. Liberty Mut. Personal Ins. Co.*, CV-23-00629-PHX-DLR

*Haenfler v. Safeco*, CV-23-00822-PHX-DLR

(Consolidated with *Moshier*)

29 7. My firm and I are lead counsel or co-lead counsel, or appointed class  
30 counsel, on other putative class actions in other courts, for example:

*Gunn v. CNA Financial Corp.*, No. 18-cv-03314 (N.D. Ill.)

1 *Brown, et al. v. Continental Cas. Co.*, No. 21-cv-02349 (N.D. Ill.)

8 MAA (C.D. Calif.) (homeowner insurance)

9 *Sundquist v. Allstate Ins. Co., et al.*, No. 24-cv-00719-JLT-HBK  
10 (E.D. Calif.) (UM/UIM benefits)

11 *Lewis, et al. v. Gov't Employees Ins. Co.*, No. 18-cv-05111-RMB-JMS  
12 (D.N.J.) (collision insurance)

13 *Farmers Covid-19 Business Cases*, No. JCCP5125 (Calif. Super. Ct., Los  
14 Angeles Cty.) (Business interruption insurance; appointed by the Court as  
15 lead class counsel for the California version of an MDL, called a JCCP.)

16 *In Re: Kia Hyundai Vehicle Theft Litig.*, No. 8:22-ml-03052-JVS-KES  
17 (C.D. Calif.) (comprehensive/subrogation case; Hagens Berman appointed  
18 class counsel).

19 *Main Street America Protection Ins. Co. v. Stockdale*, No. CV2023-012840  
20 (Ariz. Super. Ct., Maricopa Cty.); *Main Street America Protection Ins. Co.*  
21 *v. Barton*, No. CV2023-014644 (Ariz. Super. Ct., Maricopa Cty.)  
22 (Consolidated with *Stockdale*) (claims involving stacking issues similar  
23 to claims in *Miller*)

24 8. In addition, I have litigated throughout the United States dozens of class-  
25 based first-party claims of all types, including no-fault, comprehensive, collision, med-  
26 pay, UM/UIM, property damage for auto, homeowners, medical and disability, and long-  
27 term care, as well as over a hundred high-value individual claims of this type.

28 9. My firm kept detailed records regarding the amount of time spent by  
attorneys and staff working on this matter, and the lodestar calculation is based on my  
firm's current billing rates. The information was prepared from contemporaneous, daily  
time records regularly prepared and maintained by my firm in the ordinary course of  
business.

1           10. My firm's current hourly rates for the attorneys who worked on this matter  
2 range from \$550 to \$1,000 for partners, \$375 for contract attorneys, and \$275 to \$350 per  
3 hour for paralegals.

4           11. These rates are consistent with the hourly rates submitted by my firm to  
5 state and federal courts in other class action litigations across the country. The firm's  
6 hourly rates are set based on a periodic review of rates charged by firms performing  
7 comparable work and/or rates regularly submitted to other courts as the basis for the  
8 contingent fee awards in comparably complex class actions, including a review of both  
9 plaintiff and defense firm rates for complex litigation. Different Timekeepers within the  
10 same employment category (e.g., partners, associates, paralegals, etc.) may have different  
11 rates based on a variety of factors, including years of practice, years at the firm, years in  
12 their current position (e.g., years as a partner), relevant experience, and relative expertise.

13           12. I have practiced in Arizona since 1987, which includes service as a  
14 Maricopa County Superior Court Judge Pro Tem (handling both tort and contract trials),  
15 adjunct faculty at Arizona State University, Sandra Day O'Conner College of Law  
16 (teaching class actions), Chief Deputy Arizona Attorney General, and as chairman of the  
17 State Bar's Class Actions and Derivative Suits Committee. I am one of two Arizona  
18 attorneys recognized by inclusion among the Lawdragon 500 Leading Lawyers in  
19 America.

20           13. On the Arizona stacking cases, I have acted as lead counsel across the  
21 Arizona UM/UIM stacking class actions pending in this district, including litigation and  
22 settlement of the instant claims against Hartford entities. I was involved in all aspects of  
23 the parallel *Trent v. Hartford* case as well as the development of the *Franklin v. CSAA*  
24 matter itself, developing the claims, drafting and reviewing key pleadings, filing those  
25 actions, and litigating the certified questions before the Arizona Supreme Court. Within  
26 weeks of the Supreme Court's ruling in *Franklin*, it was agreed that I would also serve as  
27 lead counsel in this Miller proceeding as well. Since that time, I have worked with  
28 damages experts and on damages models, led mediations, led the negotiations on the

1 settlement and its terms, and led drafting and review of all settlement documents. I also  
2 have been leading the efforts to communicate with class members and resolve all medical  
3 lien issues.

4 14. John DeStefano is a partner in the Phoenix office of Hagens Berman. He  
5 has been involved with class litigation throughout his 17-year career, including class  
6 action proceedings occurring during his clerkships at the U.S. Court of Appeals for the  
7 Ninth Circuit and the U.S. District Court for the District of Arizona. Upon entering  
8 private practice at Snell & Wilmer, Mr. DeStefano was extensively involved with the  
9 defense of several class actions arising out of the foreclosure crisis and consolidated by  
10 the Judicial Panel on Multidistrict Litigation in the District of Arizona. Over the course of  
11 his 11 years at Hagens Berman, Mr. DeStefano has developed a specialty in insurance  
12 class litigation and appellate representation across the country. He has served as an  
13 adjunct professor co-teaching the Class Actions class at Arizona State University Sandra  
14 Day O'Connor law school for two years and is listed among the Lawdragon 500 Leading  
15 Plaintiff Consumer Lawyers. He has worked intensively with me, Robert Carey, at every  
16 stage of this litigation including development of the claims, drafting of pleadings,  
17 coordination of parallel actions, development of damages models, preparation of  
18 mediation briefs, participating in mediation, and participating in the negotiation of the  
19 settlement terms now before the Court. Mr. DeStefano also argued the *Franklin* matter on  
20 behalf of injured insureds before the Arizona Supreme Court, leading to the  
21 determination of statutory questions central to this case.

22 15. Michella Kras is a partner who has been practicing for over twenty years  
23 and who has been with Hagens Berman for eleven years. She has significant experience  
24 in class actions, litigating nationwide class actions in multiple federal districts. She has  
25 experience in drafting and negotiating settlement and approval documents in class action  
26 cases, most recently in a \$95 million settlement with Apple. Ms. Kras handled a large  
27 part of the settlement process, including drafting and negotiating the term sheet,  
28 settlement agreement, notice, motion for preliminary approval, proposed orders, and

1 motion for attorneys' fees. She also worked closely with Epiq to coordinate notice and  
 2 class member communications, including working with law clerks to assist with the  
 3 efforts to contact class members and resolve lien issues.

4 16. Tory Beardsley is an associate with experience litigating class insurance  
 5 cases across the nation. She assisted in preparing Plaintiff's presentation for mediation.  
 6 Ms. Beardsley also assisted in researching and reviewing the legislative history of A.R.S.  
 7 § 20-259.01(H), the key statute at issue in this case.

8 17. Cindy Johnson and Beth Gibson are highly skilled senior paralegals, both  
 9 with decades of experience.

10 18. As of October 23, 2024, my firm has spent 531.3 hours working on this  
 11 matter. The total lodestar amount for this work is \$413,092.50. The lodestar associated  
 12 with each biller is as follows:

1           19.    The work performed and reflected above was reasonable and necessary to

3           20.    The tasks performed by my firm, as described above, is broken down as  
4 follows:

5 <b>WORK DESCRIPTION</b>	6 <b>TASK CODE</b>	7 <b>HOURS</b>	8 <b>LODESTAR</b>

23           21.    My firm's detailed time records describing the work performed are  
24 available to the Court for *in camera* review.

25           22.    My firm also seeks reimbursement of expenses in the amount of  
26 \$22,098.24. The expenses incurred by Hagens Berman in the Action are reflected in the  
27  
28

1 books and records of my firm. These books and records are prepared from expense  
 2 vouchers, check records, and other source materials, and are an accurate record for the  
 3 expenses incurred. These expenses were reasonably incurred in the prosecution of the  
 4 case and consist of the following:

<b>EXPENSE CATEGORY</b>	<b>TOTAL</b>
Court Fees/Filing Fees	\$402.00
Online Research/Westlaw	\$237.25
Courtlink/Pacer	\$72.54
Experts/Consultants	\$5,932.00
In-House Copying/Printing (\$0.25 per page)	\$4.50
Mediation	\$16,166.24
Airfare	\$1,883.68
Hotel	\$1,164.96
Meals	\$552.28
Rental car	\$403.10
Uber/Taxi	\$64.26
<b>TOTAL</b>	<b>\$26,882.81</b>

20 23. All these expenses were reasonable and necessary to prosecute this case and  
 21 were made for the benefit of the Settlement Class.

22 24. Included in the listed expenses, Counsel worked with a highly qualified  
 23 economist and statistician to project the value of the UM/UIM insurance benefits owed to  
 24 the Settlement Class, which he valued at \$8.7 million.

25 25. Attached hereto as Exhibits 2-4 are true and correct copies of declarations  
 26 submitted by the undersigned counsel and other attorneys who reported time to Class  
 27 Counsel:  
 28

- 1 a. Declaration of Justin Henry (Exhibit 2)
- 2 b. Declaration of Evan Goldstein (Exhibit 3)
- 3 c. Declaration of Steve Hulsman (Exhibit 4)

4 These declarations demonstrate that Plaintiff's counsel have invested nearly \$675,000 in  
 5 unaudited lodestar and funded over \$50,000 in litigation expenses in the case, as  
 6 summarized in the following tables:

7 <b>EXPENSE CATEGORY</b>	<b>TOTAL</b>
8 Court Fees/Filing Fees	\$751.69
9 Government Records Fees	\$69.50
10 Online Research/Westlaw	\$1,404.57
11 Courtlink/Pacer	\$72.54
12 Messenger/Process Service	\$49.25
13 Experts/Consultants	\$5,932.00
14 Research Fees Advanced	\$8.20
15 In-House Copying/Printing (\$0.25 per page)	\$4.50
16 Mediation	\$31,291.24
17 Travel	\$10,858.88
18 Zoom Conference	\$15.99
19 <b>TOTAL</b>	<b>\$50,458.36</b>

23 <b>FIRM</b>	<b>HOURS</b>	<b>LODESTAR</b>	<b>COSTS</b>
24 Hagens Berman Sobol Shapiro LLP	531.3	\$413,092.50	\$26,882.81

27 The Slavicek Law Firm	164.4	\$225,215.00	\$23,567.35

<b>TOTAL</b>	<b>744.9</b>	<b>\$673,762.50</b>	<b>\$50,458.36</b>
--------------	--------------	---------------------	--------------------

26. Defendants in the stacking cases have generally contended that individualized issues regarding the UM/UIM claims of the class would predominate over common issues and that damages cannot be modeled on a classwide basis. Defendants have also opposed certification of any declaration or injunction-only class on similar grounds.

27. It is well known that private counsel entering into a contingent fee agreement for these types of breach of contract/ insurance bad faith cases, in the context of an automobile injury, routinely request and receive a fee of 40% of the gross recovery.

28. I estimate Class Counsel will expend approximately \$350,000, or 660 hours, to finish this case, which includes: 60 hours of attorney time to deal with medical liens, totaling approximately \$45,000 in fees; 150 hours of paralegal/law clerk time to deal with medical liens, totaling approximately \$52,500; 220 hours of attorney time to finalize all of the briefing and prepare for and attend the final fairness hearing, totaling \$165,000; 30 hours of combined attorney and staff time to deal with allocation issues, totaling \$16,500; and 200 hours additional staff/law clerk time to assist with Class Member calls, totaling \$70,000. This will bring the total lodestar to \$1,023,822.50.

29. Based on my experience in dealing with unclaimed funds and appeals after a class action settlement, I estimate Class Counsel would expend up to \$300,000 if such issues arise. If such work has to be done, it will increase the fees to \$1,323,822.50 and reduce the multiplier to 3.15.

30. As Class Counsel has brought multiple related actions, Hagens Berman also billed 788.1 hours to their general stacking matter number, totaling \$507,717.50, which includes time spent researching and developing the legal theories for this case, developing a damages model, and responding to the multitude of amicus briefs filed in the *Franklin* matter at the Arizona Supreme Court—work which directly benefited this Settlement Class.

1           31. One of those amicus briefs was filed by Defendant Trumbull.

2           32. If the Court credited Class counsel with 100% the general time, none of  
3 which has been compensated to date, Class Counsel's total fees would range between  
4 \$1,531,540.00 and \$1,831,540.00 million (depending on whether there are unclaimed  
5 funds and/or an appeal), which would be a multiplier of 2.28 to 2.73.

6           33. Even if the Court only credits Class Counsel with 25% of the Hagens  
7 Berman general fund, that would increase the total fees to a range between  
8 \$1,150,752.00.00 and \$1,450,752.50 million (depending on whether there are unclaimed  
9 funds and/or an appeal), which would be a multiplier of 2.88 to 3.64.

10           34. Hagens Berman has forgone a significant amount of other work to litigate  
11 this case.

12           35. Plaintiff Charles Miller assisted with drafting his factual allegations in the  
13 Complaint, and was involved in the settlement process, including traveling from Arizona  
14 to Connecticut over the course of three days, to attend an all-day, in person mediation.

15           36. Miller also gave up what he could have recovered in an individual action,  
16 which could have been higher had he proceeded to verdict, to litigate this case and reach  
17 a settlement that benefits others like him.

18           37. Hagens Berman's and my billing rates were recently approved as  
19 reasonable by the Honorable David G. Campbell, in *In re Theranos, Inc. Litigation*, Case  
20 No. 2:16-cv-2138-DGC (D. Ariz. Feb. 6, 2024). While a copy of that opinion is not  
21 available on Westlaw, a link to the Final Order and Judgment is available here:

24           38. As required by Local Rule 54.2(d)(2), attached hereto are the copies of the  
25 Rights and Responsibilities Agreements Hagens Berman entered into with Charles Miller  
26 and Stacey Trent. (Exhibits 5 and 6). The Rights and Responsibilities Agreements do not  
27 set a fee but leave that determination to the Court.

## INTRODUCTION

# The Firm

Hagens Berman Sobol Shapiro LLP was founded in 1993 with one purpose: to help victims with claims of fraud and negligence that adversely impact a broad group. Through the firm's focus on class-action litigation and other complex, multi-party cases, it fights for those seeking representation against wrongdoing and fraud. As the firm grew, it expanded its scope while staying true to its mission of taking on important cases that implicate the public interest and the greater good. We represent plaintiffs including consumers, inventors, investors, workers, the environment, governments, whistleblowers and others.

---

**We are one of the nation's leading class-action law firms and have earned an international reputation for excellence and innovation in ground-breaking litigation against large corporations.**

---

## OUR FOCUS

Our focus is to represent plaintiffs in [antitrust](#), [consumer fraud](#), [employment](#), [environmental](#), [intellectual property](#), [product liability](#), [securities and investment fraud](#), [sexual harassment](#), tort and [whistleblower law](#) cases. Our firm is particularly skilled at managing multistate and nationwide class actions through an organized, coordinated approach. Our skilled team implements an efficient and aggressive prosecutorial strategy to place maximum pressure on defendants.

## WE WIN

We believe excellence stems from a commitment to try each case, vigorously represent the best interests of our clients and obtain maximum recovery. Our opponents know we are determined and tenacious. They respect our skills and recognize our track record of achieving top results for those who need it most.

## WHAT MAKES US DIFFERENT

We are driven to return to the class every possible portion of its damages — our track record proves it. While many class action or individual plaintiff cases result in large legal fees and no meaningful outcome for the client or class, Hagens Berman finds ways to return real value to the victims of corporate fraud and malfeasance through damages and real change.

## AN INTERNATIONAL REACH

Our firm offers clients an international scope of practice. We have flourished through our core network of U.S. offices, and with a global expansion, Hagens Berman has grown geographically to where our eyes have always been: trends of fraud, negligence and wrongdoing taking form anywhere in the world. The firm now does business through endeavors in London and Amsterdam. Our reach is not limited to the cities where we maintain offices. We have cases pending in several countries and have a vested interest in fighting global instances of oppression and injustice.

## INTRODUCTION

## Victories & Settlements

Since its founding, the firm has secured settlements valued at more than \$320 billion on behalf of class members in large-scale complex litigation.

### \$260 BILLION

#### STATE TOBACCO LITIGATION

Hagens Berman represented 13 states prosecuting major actions against Big Tobacco. The settlement led to a multistate settlement requiring the tobacco companies to pay the states and submit to advertising and marketing restrictions. It was the largest civil settlement in history.

### \$25 BILLION

#### VISA CHECK/MASTERMONEY ANTITRUST LITIGATION

The firm served as co-lead counsel in what was then the largest antitrust settlement in history. The class-action lawsuit alleged that Visa and MasterCard engaged in an anticompetitive scheme to monopolize the debit card services market and charge merchants artificially inflated interchange fees by tying merchant acceptance of their debit card services, Visa Check and MasterMoney, to merchant acceptance of their credit card services. Settlements secured categories of relief that court decisions valued at as much as \$25-87 billion.

### \$14.7 BILLION

#### VOLKSWAGEN EMISSIONS LITIGATION

Hagens Berman was named a member of the plaintiffs' steering committee and part of the settlement negotiating team in this monumental case that culminated in the largest automotive settlement in history. The firm was the first law firm to file against Volkswagen regarding its Dieselgate emissions-cheating scandal.

### \$1.6 BILLION

#### TOYOTA UNINTENDED ACCELERATION LITIGATION

Hagens Berman served as co-lead counsel and secured what was then the largest automotive settlement in history in this class action that recovered \$1.6 billion for vehicle owners.

### \$1.6 BILLION

#### VOLKSWAGEN FRANCHISE DEALERS LITIGATION

The firm served as lead counsel representing VW franchise dealers in this lawsuit related to VW's Dieselgate scandal. The settlement recovered nearly full damages for the class.

### \$1.45 BILLION

#### MERACORD

The firm secured a default judgment on behalf of consumers for a useless debt-settlement conspiracy, following years of plaintiff victories in the case. Hagens Berman filed its lawsuit in 2011, on behalf of consumers nationwide, claiming the company violated Washington law and the federal Racketeer Influenced and Corrupt Organizations Act.

### \$1.3 BILLION

#### HYUNDAI KIA THETA II GDI FIRE HAZARD LITIGATION I

Hagens Berman is co-lead counsel in this case accusing automakers of selling vehicles with failure-prone engines that could sometimes catch fire. The case is still pending litigation pertaining to other affected models.

### \$700 MILLION

#### MERCEDES BLUETEC EMISSIONS LITIGATION

A monumental settlement was reached on behalf of owners of Mercedes vehicles affected by Daimler's emissions cheating. The case was initially filed and researched by Hagens Berman, based on the firm's independent vehicle testing, and the firm served as co-lead counsel. The consumer settlement followed a \$1.5 billion settlement between Mercedes and the U.S. Justice Department and California Air Resources Board. The settlement includes an \$875 million civil penalty for violating the Clean Air Act.

**\$700 MILLION****WASHINGTON PUBLIC POWER SUPPLY SYSTEM (WPPSS) SECURITIES LITIGATION**

Hagens Berman represented bondholders and the trustee in a class action stemming from the failure of two nuclear projects. Plaintiffs were awarded a \$700 million settlement.

**\$568 MILLION****APPLE E-BOOKS ANTITRUST LITIGATION**

Hagens Berman served as co-lead counsel against Apple and five of the nation's largest publishing companies and secured a combined \$568 million settlement, returning class members nearly twice their losses in recovery, following the firm's victory over Apple after it appealed the case to the U.S. Supreme Court.

**\$535 MILLION****CHINA MEDIAEXPRESS HOLDINGS, INC. SECURITIES LITIGATION**

Hagens Berman, which served as lead counsel in the case, alleged on behalf of a class of investors that China MediaExpress Holdings made false and misleading statements, including misrepresentations about its revenues, the number of buses in its network and the nature of its business relationships. The lawsuit resulted in relief for investors valued at \$535 million.

**\$470 MILLION****LCD ANTITRUST LITIGATION**

Hagens Berman served as a member of the Executive Committee representing consumers in multi-district litigation. Total settlements exceeded \$470 million.

**\$453 MILLION****GLUMETZA ANTITRUST LITIGATION**

The court denied summary judgment and paved the way for trial in this litigation against brand and generic manufacturers of the diabetes drug Glumetza. Hagens Berman served as co-lead counsel for the direct purchaser class. U.S. District Judge William Alsup approved \$453.85 million in settlements resolving direct purchasers' allegations. The result was the largest antitrust recovery to receive final approval in 2022.

**\$406 MILLION****DRAM ANTITRUST LITIGATION**

The firm was co-lead counsel in this antitrust case which settled for \$406 million in favor of purchasers of dynamic random access memory chips.

**\$385 MILLION****SUBOXONE ANTITRUST LITIGATION**

Hagens Berman was co-lead counsel in this pharmaceutical antitrust class action alleging defendants violated federal antitrust laws by delaying generic competition for its blockbuster opioid addiction medicine, Suboxone.

**\$383.5 MILLION****DAVITA HEALTHCARE PERSONAL INJURY LITIGATION**

A Denver jury awarded a monumental \$383.5 million verdict to families of three patients who died after receiving dialysis treatments at DaVita clinics.

**\$340 MILLION****RANBAXY INC.**

Hagens Berman served as co-lead counsel representing Meijer Inc. and Meijer Distribution Inc. in a class-action lawsuit against drugmaker Ranbaxy. The lawsuit alleged it recklessly stuffed the generic drug approval queues with grossly inadequate applications and deceiving the FDA into granting tentative approvals to lock in statutory exclusivities to which Ranbaxy was not entitled. # PRACTICE AREAS

## PRACTICE AREAS

**Antitrust**

Hagens Berman works to preserve fair trade and healthy marketplace competition by protecting consumers and businesses from price-fixing, market allocation agreements, monopolistic schemes and other trade restraints. The firm's lawyers have earned an enviable reputation as experts in this often confusing and combative area of commercial litigation in which we have recovered nearly \$30 billion in settlements for our clients. Our attorneys have a deep understanding of legal and economic issues within the marketplace, allowing us to employ groundbreaking market theories that shed light on restrictive anti-competitive practices. Our cases have returned more than \$320 billion across all practice areas.

Hagens Berman represents millions of class members in high-profile class-action lawsuits and takes on major antitrust litigation to improve market conditions for consumers, businesses and investors. We have represented plaintiffs in markets as diverse as college sports, app development, debit and credit card services, personal computer components, electric and gas power, airlines and internet services, and we have prevailed against some of the world's largest corporations. The firm has also taken on wage-fixing antitrust agreements in various industries including animation, food production and aerospace engineering.

The firm's antitrust cases span the reaches of anticompetitive behavior, impacting even the realm of college sports. In the Keller and O'Bannon cases, the firm represented college athletes against the NCAA and Electronic Arts Inc. claiming the companies illegally use college football and basketball players' names and likenesses in video games without permission or consent from the player. In those matters, the firm secured a total \$60 million in settlements, and checks went out to about 15,000 players, some up to \$7,600, with a median around \$1,100.

Hagens Berman has also brought about significant changes already to the NCAA's policies and procedures regulating payments. In NCAA Grants-in-Aid Scholarships Litigation, the firm brought an antitrust class action against the NCAA on behalf of college athletes, claiming that the NCAA had violated the law when it kept the class from being able to receive compensation provided by schools or conferences for athletic services other than cash. Following a \$208 million settlement in the damages portion of the case — an almost 100% recovery of single damages — the Supreme Court upheld the favorable opinion of the Ninth Circuit in a 9-0 ruling regarding injunctive relief. Justice Kavanaugh's opinion further underscored the massive win for plaintiffs and the ruling's ongoing effects: "The NCAA couches its arguments for not paying student athletes in innocuous labels. But the labels cannot disguise the reality: The NCAA's business model would be flatly illegal in almost any other industry in America," pushing for further scrutiny of the NCAA's regulations. After the ruling, the NCAA relaxed some of the name, image and likeness (NIL) restrictions and the market for NIL revenues exploded reaching almost \$5 billion this year. Few antitrust decisions have been so transformative.

The firm continues its work litigating against the NCAA regarding name, image and likeness (NIL) rights. Currently Hagens Berman is co-lead counsel in *House v. NCAA*, which challenges current restrictions on athletes NIL rights and seeks damages for lost NIL opportunities. In *House*, plaintiffs seek a share of the golden goose, namely, NCAA and conference

broadcast and licensing revenues. So far, the firm has cleared two monumental hurdles in the lawsuit receiving class certification status for both the injunctive and damages portions of the case, for classes representing more than 184,000 college athletes.

The firm has also generated substantial recoveries on behalf of health plans and consumers in antitrust cases involving pharmaceutical companies abusing patent rights to block generic drugs from coming to market. Hagens Berman's settlements accounted for 35% of total U.S. antitrust settlements that reached final approval in 2022, including the two largest antitrust recoveries to receive final approval, [In re Glumetza Antitrust Litigation](#) (\$453.85 million settlement) and [In re Ranbaxy Generic Drug Application Antitrust Litigation](#) (\$340 million settlement). Hagens Berman has served as lead or co-lead counsel in landmark antitrust litigation in many matters, including Paxil Direct Purchaser Litigation (\$100 million), Relafen Antitrust Litigation (\$75 million), Tricor Indirect Purchaser Antitrust Litigation (\$65.7 million), and Augmentin Antitrust Litigation (\$29 million).

The firm represents home sellers accusing the National Association of Realtors (NAR) and the largest real estate brokerage firms in the United States of conspiring to artificially inflate commissions associated with home sales – in part by implementing rules that require home sellers to pay commission to the agent representing the buyer. As of May 2024, the firm has reached \$980.9 million in settlements with all defendants in *Moehrl v NAR* and *Burnett v NAR*, and with some of the defendants in *Gibson v NAR*. The litigation is pending against remaining defendants in *Gibson v NAR*. ## PRACTICE AREAS

## Automotive – Defect, Fraud & Products Liability

In litigating cases, we strive to make an impact for large classes of consumers, especially those who fall victim to the gross negligence and lack of oversight of one of the nation's largest industries: auto manufacturing. Hagens Berman's automotive litigation team has repeatedly been named a Practice Group of the Year by Law360, highlighting its "eye toward landmark matters and general excellence" in this area of law.

The federal court overseeing the massive multi-district litigation against Toyota appointed the firm to co-lead one of the largest consolidations of class-action cases in U.S. history. The litigation combined more than 300 state and federal suits concerning acceleration defects tainting Toyota vehicles. Hagens Berman was selected from more than 70 law firms applying for the role. Since then, the firm's automotive practice area has grown at an unrivaled pace, pioneering new investigations into emissions-cheating, defects, false marketing and safety hazards affecting the wellbeing of millions of drivers.

Hagens Berman's work fighting corporate wrongdoing in the automotive industry has repeatedly earned it a spot in the National Law Journal's list of Elite Trial Lawyers, and the firm's auto team who worked on *Toyota* were also named finalists for Public Justice's Trial Lawyer of the Year award.

In this class-action lawsuit filed against American Honda Motor Co. Inc., owners of 2019 and 2020 Acura RDX vehicles accused the automaker of knowingly selling the vehicles with defective infotainment systems, posing a serious safety risk to drivers. The alleged defect causes many of the vehicles' features associated with the infotainment system to malfunction, including the navigation system, audio system, as well as safety features like the backup camera.

**RESULT:** \$10.5 million settlement

### **TESLA AUTOPILOT AP2 ROLLOUT DELAY LITIGATION**

The firm filed a lawsuit against Tesla for knowingly selling nearly 50,000 cars with nonfunctional Enhanced Autopilot AP2.0 software that did not meet Tesla's promises, including inoperative Standard Safety Features on affected models sold in Q4 2016 and Q1 2017.

**RESULT:** \$5.4 million settlement

### **NISSAN QUEST ACCELERATOR LITIGATION**

Hagens Berman represented Nissan Quest minivan owners alleging their vehicles developed deposits in a part of the engine, causing drivers to apply increased pressure to push the accelerator down.

**RESULT:** Settlement providing reimbursement for cleanings or replacements and applicable warranty coverage

### **PENDING LITIGATION AGAINST AUTOMAKERS**

The firm has filed several pending cases against major automakers, including the following class actions promoting consumers' rights:

**FCA CHRYSLER PACIFICA HYBRID MINIVAN ENGINE SHUTDOWN LITIGATION**

Over 67,000 Chrysler plug-in hybrid electric vehicles are at risk for spontaneous power loss while the vehicle is in motion due to a serious wiring defect in the transmission of the gasoline-driven portion of the powertrain. The automaker's response to this potentially life-threatening issue falls short, leaving Chrysler customers with little recourse. According to a recall report filed with the National Highway Traffic Safety Administration in January 2023, 100% of 2017-2023 Chrysler Pacifica PHEVs are at risk for sudden engine shutoff due to this defect. Loss of motive power is total and comes without warning, giving drivers little or no opportunity to maneuver vehicles to safety, and can occur while moving at highway speeds.

**FCA CHRYSLER PACIFICA HYBRID MINIVAN FIRE HAZARD LITIGATION**

In this automotive class-action lawsuit, the firm serves as co-lead counsel representing owners of 2017 and 2018 Chrysler Pacifica plug-in hybrid electric minivans. Twelve fires have been reported in Chrysler Pacifica hybrid minivans. All of the vehicles that caught fire were parked and turned off; eight of the 12 vehicles were plugged in and charging. In the recall report filed with the National Highway Traffic Safety Administration, Chrysler said the "root cause is unknown." Hagens Berman filed a consolidated master complaint Nov. 4, 2022. The complaint highlights Fiat Chrysler's proposed "fix" as a "Hobson's choice foisted on consumers" that fails to solve the issue. Even after having the recall performed, at least two Hybrid Pacifica vehicles have exploded into flames in owners' garages and driveways. In December 2023, the federal judge overseeing the consolidated lawsuit denied Fiat Chrysler's motion to dismiss plaintiffs' claims.

**FCA DODGE RAM 1500 & 1500 CLASSIC ECODIESEL TRUCKS EGR COOLER FIRE HAZARD LITIGATION**

Hagens Berman represents owners of certain Dodge Ram 1500 trucks at risk for vehicle fire. Affected trucks have been built with defective EGR coolers that can crack due to thermal fatigue. This can allow coolant to leak into the running engine, which can result in combustion and a vehicle fire.

**FCA MONOSTABLE GEARSHIFT LITIGATION**

Over 811,000 Dodge Chargers, Chrysler 300s and Jeep Grand Cherokees were equipped with defective gear shifters that could cause the vehicles to roll away after the driver attempted to place the vehicle in park. The case went to trial, resulting in a mixed verdict in which the jury found the vehicles had a design defect under Utah law. Hagens Berman continues to pursue claims for damages on behalf of a class of owners/lessees from California and New York.

**FORD, GM, FCA, NISSAN CP4 HIGH-INJECTION FUEL PUMP DEFECT LITIGATION**

Hagens Berman has filed multiple class-action lawsuits against the "Big Three" — Ford, GM, and FCA — in addition to Nissan on behalf of diesel truck owners due to a defective high-pressure fuel injection pump in affected vehicles. The defective part generates metallic shavings and can lead to catastrophic failure of the engine. The complaints allege defendants routinely denied repair under warranty, even though the repair costs at least \$7,000, and in some cases exceeds \$10,000. After Hagens Berman filed suit against FCA with respect to the 3.0-liter engine cars and trucks, FCA issued a safety recall for those vehicles. In March 2023, Hon. Bernard A. Friedman allowed the majority of claims against Ford to continue, and in that same month, Hon. Terrence Berg certified seven state-specific classes on behalf of GM truck owners. In June 2024, the firm filed a motion for preliminary approval of a settlement reached with GM.

**FORD ESCAPE, MAVERICK AND LINCOLN CORSAIR HYBRID FIRES LITIGATION**

Ford has recalled more than 100,000 of its Escape, Maverick and Lincoln Corsair hybrid models manufactured since 2020 for a risk of spontaneously catching fire due to a safety defect. The issue has been traced to leaking fluid from the vehicles' engine block or oil pan. In response, rather than fix the faulty engine blocks and oil pans, Ford has issued "fix" instructions to its dealers that ask them to remove blinds from the grill shutter and drill holes in the floor of the engine compartment, potentially causing flammable fluids to drip into the roadway and owners' garages and driveways. The firm's class-action lawsuit against Ford was filed in August of 2022.

**FORD MUSTANG MACH-E SHUTDOWN DEFECT LITIGATION**

Owners of 2021-2022 Ford Mustang Mach-E vehicles filed a class-action lawsuit against the automaker in relation to a defective high voltage main battery contactor that can reportedly suddenly and unexpectedly cause the vehicle to lose power, disabling the engine and key safety features. The defect presents a high risk of crash, injury and death. Ford's remedies have so far been unsuccessful and may be increasing charging times and decreasing the engine power for owners.

**HONDA CIVIC ELECTRONIC POWER STEERING DEFECT LITIGATION**

The firm filed a class-action lawsuit accusing American Honda Motor Company of selling 2022-2023 Civics which it knew were equipped with dangerously faulty electronic power steering (EPS) systems. The EPS system failure occurs without warning and under various driving conditions, causing the vehicles to lose steering control at high speeds. The National Highway Traffic Safety Administration opened a preliminary investigation after receiving 145 reports of "momentary increase in steering effort," described as "sticky steering," which could result in the inability to avoid a road hazard.

**HYUNDAI, KIA & GENESIS EV BATTERY CHARGE DEFECT**

According to the suit, owners of Hyundai Ioniq 5s, Hyundai Ioniq 6s, Genesis GV60s and Kia EV6s experience vehicle charging ports overheating in as little as 30 minutes, causing charging sessions to repeatedly fail. The plaintiffs say this can leave them with unexpectedly empty vehicle batteries, and Hyundai's proposed fix for the problem is inadequate. The proposed class brings claims that the automakers violated the Computer Fraud and Abuse Act and various state consumer protection laws.

**TESLA MODEL S & MODEL X SOFTWARE BATTERY DRAIN DEFECT LITIGATION**

Hagens Berman has filed a lawsuit on behalf of owners and lessors of Tesla Model S and Model X vehicles, alleging that Tesla's automatic software updates are responsible for a drastic drop in battery performance and driving range in affected vehicles. In some cases, attorneys allege, the software update renders batteries fully inoperable, and drivers are told they must purchase a new \$15,000 battery.

**VW ATLAS WIRING HARNESS DEFECT LITIGATION**

Hagens Berman represents owners and lessors of more than 222,000 defective Volkswagen Atlas vehicles affected by a dangerous manufacturing defect in the door wiring harness. The defect can cause vehicles' systems to malfunction, affecting the functionality of airbags, brakes and more. This defect can place drivers, passengers and other traffic or pedestrians in immediate safety risk and danger of crashes.

## PRACTICE AREAS

## Automotive – Emissions Cheating

Having filed the first Dieselgate case in the country, Hagens Berman played a lead role in the record-breaking Volkswagen diesel emissions litigation. But Hagens Berman knew the story didn't end there. Since the Dieselgate scandal, the firm has uniquely dedicated resources to uncovering cheating devices used by other automakers. We have become a trailblazer in this highly specialized realm, outpacing federal agencies in unmasking fraud in emissions reporting.

When news broke in 2015 of Volkswagen's massive diesel emissions-cheating scandal, Hagens Berman was the first law firm in the nation to file suit against the automaker for its egregious fraud, going on to represent thousands of owners in litigation and take a leading role on the Plaintiffs' Steering Committee that would finalize a \$14.7 billion, record-breaking settlement for affected owners. Since this case emerged, Hagens Berman has remained on the forefront of emissions litigation, relying on our legal team's steadfast and intensive investigative skills to unearth many other emissions-cheating schemes perpetrated by BMW, General Motors, Fiat Chrysler, Mercedes and other automakers, staying one step ahead of government regulators in our pursuit of car manufacturers that have violated emissions standards and regulations, as well as consumer confidence.

Hagens Berman's managing partner, Steve Berman, has dedicated the firm's resources to upholding the rights of consumers and the environment. The firm is uniquely dedicated to this cause and is the only firm that has purchased an emissions testing machine to determine if other diesel car manufacturers install cheating devices. The firm brings new cases based on its own research, time and testing.

### **VOLKSWAGEN DIESEL EMISSIONS LITIGATION**

Hagens Berman was the first law firm in the nation to file a lawsuit against Volkswagen for its emissions fraud, seeking swift remedies for consumers affected by its fraud and violation of state regulations. The firm was named to the Plaintiffs' Steering Committee leading the national fight against VW, Porsche and Audi on behalf of owners and lessors of affected vehicles and also served as part of the Settlement Negotiating team in this record-breaking achievement.

**RESULT:** \$14.7 billion settlement, the largest automotive settlement in history

### **VOLKSWAGEN FRANCHISE DEALERS EMISSIONS LITIGATION**

Hagens Berman served as lead counsel in a first-of-its-kind lawsuit brought by a franchise dealer. Three family-owned Volkswagen dealers filed a class action against VW for intentionally defrauding dealers by installing so-called "defeat devices" in its diesel cars that cause them direct harm. The suit states VW separately carried out a systematic, illegal pricing and allocation scheme that favored some dealers over others and illegally channeled financing business to VW affiliate, Volkswagen Credit Inc. The settlement received nearly unanimous approval, with 99 percent participation in the settlement.

**RESULT:** \$1.67 billion settlement

### **MERCEDES BLUETEC EMISSIONS LITIGATION**

Hagens Berman was appointed co-lead counsel in this class action representing thousands of vehicle owners against Mercedes concerning emissions-cheating in its BlueTEC diesel vehicles. The lawsuit states Mercedes told vehicle owners and lessees their diesel cars were “the world’s cleanest and most advanced diesel,” when in fact testing indicated a systemic failure to meet emissions standards. Low temperature testing at highway speeds for example, produced emissions that were 8.1 to 19.7 times the highway emissions standard; at variable speeds, testing produced emissions as high as 30.8 times the standard, according to the firm’s independent testing.

Since the case settled, Hagens Berman has taken an advisory role in the emissions-cheating litigation against Mercedes’ parent company, Daimler, filed in Australia. The firm looks to build upon its existing win against Mercedes for emissions cheating in its vehicles sold in the U.S. and support Australians who were similarly deceived.

**RESULT:** \$700 million settlement

### **FIAT CHRYSLER ECODIESEL EMISSIONS LITIGATION**

The firm led charges against Fiat Chrysler that it sold hundreds of thousands of EcoDiesel-branded vehicles that release illegally high levels of NOx emissions, despite explicitly selling these “Eco” diesels to consumers who wanted a more environmentally friendly vehicle. Hagens Berman was the first firm in the nation to uncover this scheme and file against Fiat Chrysler on behalf of owners of affected Dodge RAM 1500 and Jeep Grand Cherokee EcoDiesel vehicles. Following the firm’s groundbreaking suit, the EPA took notice, filing formal accusations against Fiat Chrysler.

**RESULT:** Settlement valued at \$307 million, dependent upon claims rate

### **PORSCHE EMISSIONS LITIGATION**

This lawsuit claimed fuel economy inaccuracies in half a million 2005 to 2020 Volkswagen and Porsche gasoline models, and in 2022, a federal judge granted preliminary approval of an \$80 million settlement agreement regarding emissions-cheating claims. Under the settlement, consumers in the most basic bracket of the class can receive payments from \$250 to \$1,109 per vehicle, and those who purchased higher-performance vehicles can receive an additional \$250 in compensation, with other payments of \$200 per vehicle available to other eligible class members.

**RESULT:** \$80 million settlement

### **AUDI EMISSIONS LITIGATION**

In 2016, Hagens Berman unearthed additional emissions-cheating by Audi, affecting its gasoline 3.0-liter vehicles. The firm’s investigation revealed a newly discovered defeat device installed in gasoline engines which changed how the transmission operated when testing was detected to lower CO2 emissions, but otherwise allowed excessive CO2 emissions in normal, on-road driving. The firm was appointed lead counsel.

**RESULT:** The lawsuit was folded into the Volkswagen Dieselgate multidistrict litigation. The settlement benefited more than 88,000 vehicle owners and resulted in vehicle buybacks valued at more than \$30,000 for some class members.

### **PENDING LITIGATION AGAINST AUTOMAKERS**

The firm is currently litigating many pending cases against major automakers regarding emissions, including the following:

#### **CHEVY CRUZE DIESEL EMISSIONS LITIGATION**

Hagens Berman filed a class-action lawsuit against Chevrolet (a division of General Motors) and Robert Bosch, LLC for installing emissions-cheating software in Cruze Clean Turbo Diesel cars, forcing consumers to pay high premiums for vehicles that pollute at illegal levels. While Chevy marketed these cars as a clean option, testing by an expert retained by Hagens Berman revealed the cars’ emissions are often up to 36 times the federal standard. In a recent ruling, U.S. District Judge Thomas L. Ludington upheld the bulk of the owners’ claims, and admitted the extensive emissions testing, software analysis, marketing and damages testimony offered by experts retained by Hagens Berman on behalf of Cruze

owners. In 2022, Judge Ludington excluded one of GM's experts and ruled on GM's and Bosch's motions for summary judgment, allowing the bulk of plaintiffs' claims to proceed.

#### **BMW X5 & 335D EMISSIONS LITIGATION**

Based on BMW's marketing, consumers who purchased its X5 Diesel and 335d vehicles assumed they were making a choice that was better for the environment than other options. BMW told the public that the vehicles "met emissions standards in all 50 states," that "BMW Efficient Dynamics" meant "Less emissions," that its engines "protect the environment every day," were "environmentally friendly," and turned nitric oxides (harmful pollutants in diesel exhaust) "into environmentally compatible nitrogen and water vapor." In reality, the 2009-2013 BMW X5 diesel and 2009-2011 335d vehicles emit harmful pollutants and emissions many times above legal emissions standards. A federal judge granted preliminary approval to a settlement valued at \$6 million and preliminarily appointed Hagens Berman co-class counsel for the settlement class.

#### **DODGE RAM 2500/3500 DIESEL EMISSIONS LITIGATION**

According to the firm's investigation, Dodge has sold hundreds of thousands of Dodge RAM 2500 and 3500 trucks equipped with Cummins diesel engines that release illegally high levels of NOx emissions because fuel is diverted and burned to clear out the soot in the emission system. The firm is leading a national class action against Fiat Chrysler and Cummins (the engine manufacturer) for knowingly inducing consumers to pay premium prices for vehicles that exceed emissions standards, and lead to decreased fuel economy and higher costs because of the wasted fuel. Hagens Berman has also determined that there is a defeat device in these vehicles.

#### **GENERAL MOTORS DURAMAX EMISSIONS LITIGATION**

Hagens Berman recently pioneered another instance of diesel emissions fraud. The firm's independent testing revealed that GM had installed an emissions-masking defeat device in its Duramax trucks, including [Chevy Silverado](#) and [GMC Sierra](#) models, in a cover-up akin to Volkswagen's Dieselgate concealment. In real world conditions the trucks frequently emit 1.6 – 2.5 times the legal limit of deadly NOx pollutants and have been observed emitting almost 50 times the federal standard. Emissions cheating devices are installed in an estimated 705,000 affected vehicles.

## PRACTICE AREAS

## Consumer Protection – General Class Litigation

Hagens Berman is a leader in protecting consumers, representing millions in large-scale cases that challenge unfair, deceptive and fraudulent practices.

We realize that consumers suffer the brunt of corporate wrongdoing and have little power to hold companies responsible or to change those tactics. We believe that when backed by a tenacious spirit and determination, class action cases have the ability to serve as a powerful line of defense in consumer protection.

Hagens Berman pursues class litigation on behalf of clients to confront fraudulent practices that consumers alone cannot effectively dispute. We make consumers' concerns a priority, collecting consumer complaints against suspected companies and exploring all avenues for prosecution.

Hagens Berman's legacy of protecting consumer rights reflects the wide spectrum of scams that occur in the marketplace. The cases that we have led have challenged a variety of practices such as:

- False, deceptive advertising of consumer products and services
- False billing and over-charging by credit card companies, banks, telecommunications providers, power companies, hospitals, insurance plans, shipping companies, airlines and Internet companies
- Deceptive practices in selling insurance and financial products and services such as life insurance and annuities

**RESULT:** \$295 million settlement

**NOTEWORLD/MERACORD DEBT SETTLEMENT LITIGATION**

Hagens Berman filed its lawsuit in 2011 on behalf of consumers nationwide, claiming the company violated Washington law and the federal Racketeer Influenced and Corrupt Organizations Act by conspiring with debt settlement providers to defraud consumers through trust accounts related to useless debt-settlement programs. Following years of plaintiff victories in the District Court and in the Ninth Circuit Court of Appeal, Judge Settle granted plaintiffs' motion for class certification and default final judgment against the Tacoma, WA company after Meracord ceased defending itself from plaintiffs' claims.

**RESULT:** \$1.45 billion default judgment

**APPLECARE WARRANTY LITIGATION**

The firm represented a class of Apple device owners claiming that Apple violated consumer laws, illegally charging customers premium prices for what they believed to be new replacement devices under its AppleCare/AppleCare+ programs. The 2012 settlement benefited more than 70,000 senior citizens.

**RESULT:** \$80 million settlement

**CHASE FORCE-PLACED INSURANCE LITIGATION**

Hagens Berman filed a lawsuit on behalf of a proposed class of JPMorgan Chase borrowers nationwide whose home loans were serviced by Chase. **RESULT:** \$22 million settlement

**COVID-19 COLLEGE TUITION & FEES REIMBURSEMENT**

In 2020, as the COVID-19 pandemic unfolded, Hagens Berman sought to represent tuition and fee payers in class-action lawsuits seeking reimbursement for parents and guardians of college students or college students for tuition, fees and other expenses at colleges and universities across the nation. Hagens Berman believes that institutions of higher learning had no right to keep these charges given the coronavirus outbreak and lack of options to students, as college campuses closed. The firm has so far settled cases with Brown University, Quinnipiac University and Rutgers University, with several active cases pending.

**RESULT:** \$9 million in combined settlements so far

**TREX AND FIBER COMPOSITES LLC PORTICO DECKING**

Hagens Berman filed multiple class-action lawsuits against the makers of composite decking, including Fiber Composites LLC and Trex. **RESULT:** The parties reached a confidential settlement

### **AMAZON CONSUMER PROTECTION LITIGATION**

The firm has filed several active consumer-rights class actions against Amazon Inc. In one active matter, Hagens Berman represents a proposed class of consumers seeking to hold Amazon accountable for its alleged use of "dark patterns" to deceive users into subscribing to Amazon Prime, or complicate the process of unsubscribing. Since the firm's lawsuit, the Federal Trade Commission filed a complaint against Amazon for the same actions, bolstering the firm's existing claims.

Hagens Berman's consumer attorneys have also taken up the fight against the retail giant for its alleged price gouging that occurred during the COVID-19 pandemic, causing massive price spikes for essential goods including food, personal hygiene products and other emergency or medical supplies, allegedly violating California state consumer-protection laws.

### **CBL & ASSOCIATES UTILITY CHARGES**

In this class-action lawsuit, the firm represents past and present small business tenants of CBL & Associates, a real estate investment trust. uninsured/underinsured premiums from the misleading tactics of the insurer. The firm's existing cases include pending litigation against Allstate and CNA Casualty Company.

**ADDITIONAL CONSUMER-FACING LITIGATION**

The firm's core ethos of bringing positive change to large numbers of affected individuals in need of recourse means that the vast majority of our cases benefit consumers directly. Many of these matters fall under additional complex areas of law. For additional consumer-facing litigation, settlements and victories see our work in the areas of [antitrust price-fixing](#), [automotive litigation](#) and [emissions cheating](#).

## PRACTICE AREAS

## Consumer Protection – Drug and Supplement Litigation

Hagens Berman aggressively pursues pharmaceutical industry litigation, fighting against waste, fraud and abuse in healthcare. For decades, pharmaceutical manufacturers have been among the most profitable companies in America. But while pharmaceutical companies become richer, consumers, health plans and insurers pay higher costs for prescription and over-the-counter drugs and supplements. We shine the light of public scrutiny on this industry's practices and represent individuals, direct and indirect purchasers, and the nation's most forward-thinking public-interest groups.

The firm's pharmaceutical and dietary supplement litigation practice is second to none in the nation in terms of expertise, commitment and landmark results. Hagens Berman's attorneys have argued suits against dozens of major drug companies, and the firm's aggressive litigation against the pharmaceutical industry has recovered settlements valued at more than \$3.8 billion.

### RECENT ANTITRUST RESOLUTIONS

In the last few years, Hagens Berman — as lead or co-lead class counsel — has garnered significant settlements in several antitrust cases involving prescription drugs. In each case, the plaintiffs alleged that a manufacturer of a brand-name drug violated federal or state antitrust laws by delaying generic competitors from coming to market, forcing purchasers to buy the more expensive brand name version instead of the generic equivalent. Examples of our recent successes include:

#### ZETIA ANTITRUST LITIGATION

Hagens Berman served as court-appointed lead counsel in this class-action lawsuit representing a class of direct purchasers of Merck's blockbuster cholesterol drug, Zetia. The lawsuit against pharma giant Merck and generic drugmaker Glenmark alleges the two colluded to illegally delay the market entry of generic versions and settled in 2024.

**RESULT:** Confidential settlement valued at hundreds of millions of dollars

#### GLUMETZA ANTITRUST LITIGATION

The court denied summary judgment and paved the way for trial in this litigation against brand and generic manufacturers of the diabetes drug Glumetza. Hagens Berman served as co-lead counsel for the direct purchaser class. U.S. District Judge William Alsup approved \$453.85 million in settlements resolving direct purchasers' allegations. The result was the largest antitrust recovery to receive final approval in 2022.

**RESULT:** \$453.85 million settlement

### **SUBOXONE ANTITRUST LITIGATION**

Hagens Berman was co-lead counsel for a class of direct purchasers in this pharmaceutical antitrust class action MDL alleging defendants violated federal antitrust laws by delaying generic competition for its blockbuster opioid addiction medicine, Suboxone. The complaint alleges this scheme succeeded, and purchasers incurred substantial damages as a result.

**RESULT:** \$385 million settlement

### **RANBAXY ANTITRUST LITIGATION**

Hagens Berman served as co-lead counsel representing Meijer Inc. and Meijer Distribution Inc. in a class-action lawsuit against drug maker, Ranbaxy. The lawsuit alleged it recklessly stuffed the generic drug approval queues with grossly inadequate applications, deceiving the FDA into granting tentative approvals to lock in statutory exclusivities to which Ranbaxy was not entitled and that it brandished these undeserved exclusivities to exclude others while its own applications floundered, all at the direct expense of U.S. drug purchasers. The settlement was part of a \$485 million total settlement for all plaintiffs in the case. The result was the second largest antitrust recovery to receive final approval in 2022.

**RESULT:** \$340 million settlement

### **FLONASE ANTITRUST LITIGATION**

Hagens Berman represented purchasers in this case alleging pharmaceutical giant GlaxoSmithKline filed petitions to prevent the emergence of generic competitors to its drug Flonase, all to overcharge consumers and purchasers of the drug, which would have been priced lower had a generic competitor been allowed to come to market.

**RESULT:** \$150 million settlement

### **PROGRAF ANTITRUST LITIGATION**

Hagens Berman represented purchasers who alleged Astellas Pharma US, Inc. unlawfully maintained its monopoly and prevented generic competition for Prograf, an immunosuppressant used to help prevent organ rejection in transplant patients, harming purchasers by forcing them to pay inflated brand name prices for longer than they should have absent the anticompetitive conduct.

**RESULT:** \$98 million settlement

### **RELAFEN ANTITRUST LITIGATION**

Hagens Berman filed a class-action lawsuit against GlaxoSmithKline, SmithKline Beecham Corporation, Beecham Group PLC and SmithKline Beecham PLC, on behalf of consumers and third-party payors who purchased the drug Relafen or its generic alternatives. The suit alleged that the companies who manufacture and sell Relafen unlawfully obtained a patent which allowed them to enforce a monopoly over Relafen and prevented competition by generic prescription drugs, causing consumers to pay inflated prices for the drug.

**RESULT:** \$75 million settlement, \$25 million of which was allocated to consumers and \$50 million paid the claims of insurers and other third-party payors

### **SKELAXIN ANTITRUST LITIGATION**

The firm represented purchasers in this case alleging King Pharmaceuticals LLC and Mutual Pharmaceutical Company alleging conspired to suppress generic competition and preserve King's monopoly in the market for the brand name muscle relaxant Skelaxin.

**RESULT:** \$73 million class settlement

### TRICOR ANTITRUST LITIGATION

In June 2005, Hagens Berman filed an antitrust lawsuit on behalf of a class of consumers and third-party payors against pharmaceutical manufacturers Abbott Laboratories and Fournier Industries concerning the brand name cholesterol drug Tricor. HBSS was appointed co-lead class counsel by the Court.

**RESULT:** \$65.7 million settlement

### ALLERGAN RESTASIS LITIGATION

Hagens Berman served as court-appointed interim lead counsel for a proposed class of direct purchasers of the Allergan Inc. dry-eye emulsion, Restasis. The lawsuit accused the drugmaker fraudulently obtained a series of patents for Restasis by misrepresenting that clinical trials newly showed that a lower strength Restasis formulation worked better than a stronger version.

**RESULT:** \$51.25 million settlement

### FRAUDULENT DRUG PRICING RESOLUTIONS

Hagens Berman has led many complex cases that take on fraud and inflated drug prices throughout the U.S. This includes sweeping manipulation of the average wholesale price benchmark used to set prices for prescription drugs nationwide, fraudulent marketing of prescription drugs and the rampant use of co-pay subsidy cards that drive up healthcare costs. These efforts have led to several significant settlements:

### MCKESSON AND FIRST DATABANK DRUG LITIGATION

The firm discovered a far-reaching fraud by McKesson and became lead counsel in this RICO case against McKesson and First DataBank, alleging the companies fraudulently inflated prices of more than 400 prescription drugs. Following the culmination of this case, states and federal government then used Hagens Berman's work to bring additional suits. Hagens Berman represented several states and obtained settlements three to seven times more than that of the Attorneys General. Almost \$1 billion was recovered from the McKesson fraud.

**RESULT:** \$350 million settlement and a four percent rollback on the prices of 95 percent of the nation's retail branded drugs, the net impact of which could be in the billions of dollars

### AVERAGE WHOLESAL PRICE DRUG LITIGATION

Hagens Berman served as co-lead counsel and lead trial counsel in this sprawling litigation against most of the nation's largest pharma companies, which alleges defendants artificially inflated Average Wholesale Price. Hagens Berman's work in this area led to many state governments filing suit and hundreds of millions in additional recovery.

**RESULT:** Approximately \$338 million in settlements

### FRAUDULENT MARKETING RESOLUTIONS

Hagens Berman also litigates against drug companies that fraudulently promote drugs for uses not approved by the Food and Drug Administration (FDA), commonly known as "off-label" uses. We also litigate cases against dietary supplement manufacturers for making false claims about their products. Recent successes include:

### NEURONTIN THIRD-PARTY PAYOR LITIGATION

Hagens Berman served as co-lead trial counsel in this case alleging that Pfizer fraudulently and unlawfully promoted the drug Neurontin for uses unapproved by the FDA.

**RESULT:** \$47 million jury verdict in favor of a single third-party payor plaintiff, automatically trebled to \$142 million, and court-approved a \$325 million class settlement

#### **NEW ENGLAND COMPOUNDING CENTER MENINGITIS OUTBREAK**

In 2012, the Center for Disease Control confirmed that New England Compounding Center sold at least 17,000 potentially tainted steroid shots to 75 clinics in 23 states across the country, resulting in more than 64 deaths and 751 cases of fungal meningitis, stroke or paraspinal/peripheral joint infection. HBSS attorneys Thomas M. Sobol and Kristen A. Johnson serve as Court-appointed Lead Counsel for the Plaintiffs' Steering Committee on behalf of plaintiff-victims in MDL 2419 consolidated before The Honorable Ray W. Zobel in the United States District Court for the District of Massachusetts.

**RESULT:** \$200 million settlement

#### **LUPRON LITIGATION**

Hagens Berman prosecuted a lawsuit against TAP Pharmaceuticals Products, Inc. on behalf of a class of consumers and third-party payors who purchased the drug Lupron. The suit charged that TAP Pharmaceutical Products, Inc., Abbott Laboratories and Takeda Pharmaceutical Company Limited conspired to fraudulently market, sell and distribute Lupron, causing consumers to pay inflated prices for the drug.

**RESULT:** \$150 million settlement

#### **CELEBREX/BEXTRA LITIGATION**

Hagens Berman filed a class-action lawsuit against Pfizer on behalf of individual consumers and third-party payors who paid for the drug Bextra. The firm was praised by Judge Breyer for its "unstinting" efforts on behalf of the class, adding, "The attorneys on both sides were sophisticated, skilled, professional counsel whose object was to zealously pursue their clients' interest, but not at the cost of abandoning the appropriate litigation goals, which were to see, whether or not, based upon the merits of the cases, a settlement could be achieved."

**RESULT:** \$89 million settlement

#### **VIOXX THIRD PARTY PAYOR MARKETING AND SALES PRACTICES LITIGATION**

The firm served as lead counsel for third party payors in the Vioxx MDL, alleging that Merck & Co. misled physicians, consumers and health benefit providers when it touted Vioxx as a superior product to other non-steroidal anti-inflammatory drugs. According to the lawsuit. The drug had no benefits over less expensive medications but carried increased risk of causing cardiovascular events.

**RESULT:** \$80 million settlement

#### **SERONO DRUG LITIGATION**

Hagens Berman served as lead counsel for a class of consumers and third-party payors in a suit alleging that global biotechnology company Serono, Inc. schemed to substantially increase sales of the AIDS drug Serostim by duping patients diagnosed with HIV into believing they suffered from AIDS-wasting and needed the drug to treat that condition.

**RESULT:** \$24 million settlement

#### **BAYER COMBINATION ASPIRIN/SUPPLEMENT LITIGATION**

Hagens Berman served as lead counsel on behalf of consumers in a suit alleging that Bayer Healthcare LLC deceptively marketed Bayer® Women's Low-Dose Aspirin + Calcium, an 81 mg aspirin pill combined with calcium, and Bayer® Aspirin With Heart Advantage, an 81 mg aspirin pill combined with phytosterols. Plaintiffs alleged that Bayer overcharged consumers for these products or that these products should not have been sold, because these products were not FDA-approved, could not provide all advertised health benefits, and were inappropriate for long-term use.

**RESULT:** \$15 million settlement

## PRACTICE AREAS

## High Tech Litigation

Hagens Berman routinely takes on the world's largest tech companies and has pending litigation against Facebook, Apple, Amazon and other Big Tech players for issues related to intellectual property, antitrust infringement, consumer rights and product defects affecting millions of individuals' daily lives.

### HIGH TECH LITIGATION ATTORNEYS

Hagens Berman brings cutting edge cases against major tech companies. We leverage our resources, breadth of knowledge and expert litigation strategies against harmful anticompetitive practices, defective products and other instances of malfeasance perpetrated by Big Tech. While some of these companies believe they are too big to fail, our firm is well-practiced in uncovering wrongdoing and holding responsible parties accountable for widespread fraud, even when governing bodies are constrained by red tape and bureaucracy.

Hagens Berman also litigates claims against tech companies in the areas of trade secrets, IP and patent law, and we represent individual business owners as well as large groups of consumers.

### HIGH TECH CLASS-ACTION CASES

Throughout Hagen's Berman's decades-long track record, some of our largest cases have been brought against Big Tech companies, resulting in monumental recoveries for our clients:

#### APPLE E-BOOKS LITIGATION

Hagens Berman served as co-lead counsel representing a class of Apple e-book purchasers claiming that Apple and five of the nation's top publishers, including HarperCollins Publishers, Hachette Book Group, Macmillan Publishers, Penguin Group Inc. and Simon & Schuster Inc. illegally fixed prices of electronic books. Working with the State Attorneys General in 33 jurisdictions, Hagens Berman reached settlements with the publishers, and after the Second Circuit confirmed its liability, Apple paid \$450 million to the consumer class, a combined settlement that provided more than twice the estimated losses suffered by consumers.

**RESULT:** \$568 million settlement

#### APPLE IOS APP STORE FEES LITIGATION

In this lawsuit against Apple, the firm served as interim lead counsel and represented U.S. iOS developers. The lawsuit accused Apple of monopolizing distribution services for iOS apps and in-app digital products, resulting in commission overcharges.

**RESULT:** \$100 million and developer-friendly changes to the App Store's policies

#### GOOGLE PLAY STORE FEES LITIGATION

The firm filed a class action on behalf of Android app developers against Google accusing it of violating antitrust laws by illegally monopolizing markets for Android app distribution and in-app payment processing. Hagens Berman was the

first to file a class case, led settlement negotiations and patterned the settlement with Google after its 2021 legal win against Apple regarding damages to iOS developers through Apple's App Store policies.

**RESULT:** \$90 million settlement

#### **GOOGLE ADSENSE LITIGATION**

Hagens Berman represented a class of Google AdSense users who suffered unjust account suspensions.

**RESULT:** \$11 million settlement

#### **PENDING LITIGATION AGAINST BIG TECH COMPANIES**

The firm also has several pending litigations against Big Tech giants like Amazon, Apple and Facebook. Some of our most notable pending claims include:

##### **AMAZON ANTITRUST VIOLATIONS**

Independent investigations by Hagens Berman's legal team and expert antitrust attorneys have revealed that Amazon.com has violated federal antitrust price-fixing and monopoly laws, causing Amazon customers to pay artificially increased prices for products purchased online. In each of the pending cases, Hagens Berman was the first to file, and it serves as interim lead counsel, where leadership was contested. In two cases, representing consumers who purchased on and off Amazon Marketplace, Hagens Berman alleges a broad-reaching agreement between Amazon and the 2 million merchants that sell on its platform as third-party sellers. This agreement prevents third-party sellers from selling at lower prices anywhere else online, even if it costs them less to sell on other platforms and it would be more profitable to do so. This agreement substantially increases the price of virtually every product sold online and consolidates Amazon's iron hold on the online retail market. In a third suit, Hagens Berman alleges that Amazon's agreements with its suppliers likewise increase online consumer prices by restraining price competition from other online retailers. These agreements impose financial penalties on the suppliers, whenever Amazon reduces its own retail price to match a lower online price of the supplier's products. These penalties pressure suppliers to impose minimum retail prices and enforce them against Amazon's retail competitors that would otherwise sell at a lower price than Amazon. In other litigation, the firm also represents booksellers and is interim lead counsel, representing e-book purchasers in antitrust matters regarding those markets and Amazon's monopolistic practices that have harmed businesses and consumers alike.

##### **APPLE PAY ANTITRUST**

The firm filed a class-action lawsuit accusing Apple of intentionally monopolizing the billion-dollar mobile wallet market on iOS platforms, forcing payment card issuers to pay supracompetitive fees and stifling mobile wallet innovation. The lawsuit claims that Apple's antitrust behavior has led to upwards of \$1 billion in illicit annual revenue through Apple Pay fees paid by payment card issuers including credit unions and other small businesses.

##### **FACEBOOK ANTITRUST**

Hagens Berman filed a class-action lawsuit alleging that Facebook gained an illegal monopoly by exploiting and selling user data. We believe Facebook utilized its own user data to identify emerging threats to its social-media monopoly without properly compensating consumers and without notifying them the extent to which their personal information was being used. A key attorney on the case at Hagens Berman was named co-lead counsel for the class of consumers.

#### **NONPUBLIC INVESTIGATIONS**

Hagens Berman is also involved in a number of nonpublic investigations of tech companies for various forms of deception and harm to consumers and employees.

#### **SPAC LITIGATION**

Hagens Berman represents investors in a number of private securities class action lawsuits arising out of fraud and other misconduct in connection with private companies that went public through special purpose acquisition vehicle (“SPAC”) business combinations.

SPACs are shell entities that raise money and list on an exchange, usually with the goal of merging with a private firm and taking it public. SPACs burst onto the scene in 2020, as a hot alternative to traditional initial public offerings, raising more than \$80 billion raised in 2020 and more than \$160 billion raised in 2021, alone.

The SEC has recently raised serious concerns regarding the information asymmetries, the potential for misleading information and fraud, and conflicts of interest inherent SPAC business combinations. Several high-profile SPAC debacles have resulted in serious allegations of green washing, false projections and other securities fraud, collectively costing investors billions of dollars in investment losses.

The Firm’s attorneys, together with its investigators, accountants and economic consultants, are prosecuting a number of securities class actions brought on behalf of damaged SPAC investors. For example, Hagens Berman serves as the court-appointed counsel in Berkeley Lights, Danimer, Desktop Metal, Hyzon, and Redwire.

#### **COVID-19-RELATED CLASS ACTIONS**

As COVID-19 has continued to spread across the United States, Hagens Berman has remained keenly focused on protecting investors from frauds, illicit schemes and other misconduct relating to COVID-19. For example, Hagens Berman investigated, filed a proprietary action and serves as court-appointed lead counsel in one of the first securities class actions arising from a fraudulent scheme for corporate insiders to profit from disseminating false and misleading information concerning a company’s COVID-19 vaccine candidate, *In re Vaxart, Inc. Sec. Litig.*, No. 3:20-cv-05949-VA (N.D. Cal.). The Firm and its co-counsel recently defeated in large part defendants’ motions to dismiss in Vaxart.

#### **CANNABIS SECURITIES FRAUD**

The expanding legalization and sale of cannabis in not only the U.S. but globally, spurred a wave of cannabis-related initial public offerings and mergers and acquisitions. But as investors would later learn, the nascent industry was rife with accounting fraud, false projections and egregious insider trading. Hagens Berman currently serves as co-lead counsel in *In re Aurora Cannabis Inc. Securities Litigation*, 2:19-cv-20588-JMV-JBC (D. N.J.). The Firm and its-counsel also recently obtained a \$13 million settlement on behalf of investors in *Ortiz v. Canopy Growth Corp. et al.*, 2:19-cv-20543 (D. N.J.).

### U.S.-LISTED FOREIGN COMPANIES

Investing in U.S.-listed foreign companies is a convenient way for U.S. investors to gain exposure to vast and fast-growing foreign economies. But the inability to inspect the audits of certain foreign firms, together with the spectacular collapses of several large issuers, have shined the light on rampant financial fraud at foreign issuers trading on American exchanges. The firm is currently leading the prosecution in a number of private securities class actions against U.S.-listed foreign companies, including against JOYY, Sasol, SOS and Wirecard.

### TECHNOLOGY SECTOR

Claims of lucrative contracts, investments and acquisitions, or of new product lines are common ways in which issuers in the technology space are about to get investors excited about the company so that they will purchase shares. But in recent history, several high-profile technology firms have been accused of attempting to pump their share price through fictitious statements about their products, prospects and economic activity. The firm was appointed lead counsel in an action against a recent IPO cloud application company, *Roberts v. Zuora Inc. et al*, 3:19-cv-03422 (N.D. Cal.), where the firm and its client have defeated defendants' motion to dismiss, certified a class of investors, and are preparing for trial. The firm was also appointed lead counsel against tech real-estate marketplace company Zillow over its failed house-flipping business, *Barua v. Zillow Group, Inc., et al.*, 2:21-cv-01551-TSZ (W. Wash.).

### WHISTLEBLOWERS

In an effort to curb Wall Street excesses, Congress passed the Dodd-Frank Wall Street Reform and Consumer Protection Act, which built vigorous whistleblower protections into the legislation known as the "Wall Street Tip-Off Law." The law empowers the U.S. Securities and Exchange Commission to award between 10 and 30 percent of any monetary sanctions recovered in excess of \$1 million to whistleblowers who provide information leading to a successful SEC enforcement. It also provides similar rewards for whistleblowers reporting fraud in the commodities markets.

Hagens Berman represents whistleblowers with claims involving violations of the Securities Exchange Act and the Commodities Exchange Act. Unlike traditional whistleblower firms who have pivoted into this area, Hagens Berman has a strong background and history of success in securities, antitrust and other areas of fraud enforcement, making us an ideal partner for these cases. Our matters before the SEC/CFTC include a range of claims, including market manipulation and fraudulent financial statements.

Our firm has successfully litigated personal injury claims involving traumatic brain injuries, spinal cord damage and other catastrophic injuries that require immediate care and leave victims physically, emotionally and financially vulnerable.

### MEDICAL MALPRACTICE

Litigating a medical malpractice case takes acute specialization and knowledge of medical treatments and medicine. Notwithstanding these facts, Hagens Berman pursues meritorious medical malpractice claims in instances where clients have suffered life-altering personal injuries. Our firm's personal injury attorneys handle medical malpractice cases with the dedication and detail necessary to make victims whole. Hagens Berman is very selective in accepting medical malpractice cases and has been successful in recovering significant compensation for victims of medical error and negligence.

### NURSING HOME NEGLIGENCE

Nursing home negligence is a growing problem throughout the nation. As our population ages, reports of elder abuse and nursing home negligence continue to rise. Today, elder abuse is one of the most rapidly escalating social problems in our society. Hagens Berman is uniquely qualified to represent victims of elder abuse and nursing home negligence. Our attorneys have secured outstanding settlements in this area of law and have committed to holding nursing homes accountable for wrongdoing.

appellate court in the state of Washington. More about Hagens Berman's sexual abuse practice can be found on the Sexual Abuse and Harassment practice area page.

### **SOCIAL WORK NEGLIGENCE**

Social workers play a critical role in the daily lives of our nation's most vulnerable citizens. Social workers, assigned to protect children, the developmentally disabled and elderly adults, are responsible for critical aspects of the lives of tens of thousands of citizens who are unable to protect themselves. Many social workers do a fine job. Tragically, many do not. The results are often catastrophic when a social worker fails to monitor and protect his or her vulnerable client. All too often, the failure to protect a child or disabled citizen leads to injury or sexual victimization by predators. With more than \$40 million in recoveries on behalf of vulnerable citizens who were neglected by social workers, Hagens Berman is the most experienced, successful and knowledgeable group of attorneys in this dynamic area of law.

### **WORKPLACE INJURY**

While many workplace injury claims are precluded by workers' compensation laws, many instances of workplace injury are caused by the negligence and dangerous oversight of third parties. In these instances, victims may have valid claims. Hagens Berman's personal injury legal team has successfully brought many workplace injury claims, holding third parties liable for our clients' serious bodily injuries. This includes successfully litigating claims under the Washington Law Against Discrimination, which protects all people in the state from unfair and discriminatory practices in employment and public accommodations access.

## PRACTICE AREAS

## Sports Litigation

Hagens Berman has one of the nation's most highly regarded sports litigation law practices. Our attorneys are the vanguard of new and innovative legal approaches to protect the rights of professional and college athletes in cases against large, well-financed interests, including the National Collegiate Athletic Association (NCAA), the National Football League (NFL), the Fédération Internationale de Football Association (FIFA) and other sports governing institutions.

### NCAA SCHOLARSHIPS/GRANT-IN-AID LITIGATION

In a first-of-its-kind antitrust action and far-reaching case affecting approximately 40,000 Division I college athletes, Hagens Berman filed a class-action against the NCAA and its most powerful member conferences, including the Pac-12, Big Ten, Big-12, SEC and ACC, claiming these entities violated federal antitrust laws by drastically reducing the number of scholarships and financial aid student-athletes receive to an amount below the actual cost of attendance and far below what the free market would bear.

The damages portion of the case resulted in an estimated average amount of \$6,500 to each eligible class member who played his or her sport for four years.

In March of 2019, the firm as co-lead trial counsel on the injunctive aspect of the case obtained a court order that resulted in a change of NCAA rules limiting the financial treatment of athletes. That injunction was affirmed in a unanimous 9-0 Supreme Court victory, with the injunctive relief culminating in a monumental victory for plaintiffs in the case and for college athletes in years to come. The Court ruled that NCAA college athletes should be able to receive compensation from schools or conferences for athletic services other than cash compensation untethered to education-related expenses, prohibiting the NCAA from enforcing rules limiting those payments. The media called the firm's victory in the scholarships case against the NCAA a "major ruling" (ABC World News Tonight), that "will change the game" (ABC Good Morning America), "...the highest court left the NCAA unhoused and naked, with nothing left but its pretensions," (The Washington Post), it "delivered a heavy blow," (AP), and leaves the NCAA "more vulnerable than ever."

**RESULT:** \$208 million settlement regarding the damages portion of the case, 100% of estimated single damages, followed by a unanimous 9-0 decision in favor of plaintiffs from the U.S. Supreme Court regarding the injunctive portion. The media called the firm's victory in the scholarships case against the NCAA a "major ruling" (ABC World News Tonight), that "will change the game" (ABC Good Morning America), "...the highest court left the NCAA unhoused and naked, with nothing left but its pretensions," (The Washington Post), it "delivered a heavy blow," (AP), and leaves the NCAA "more vulnerable than ever."

### NCAA CONCUSSIONS LITIGATION

Cases of particular nationwide interest for fans, athletes and the general public involve numerous cases filed by Hagens Berman against the NCAA. Recently, the firm took on the NCAA for its failure to prevent concussions and protect student-athletes who suffered concussions. Steve Berman served as lead counsel in multi-district litigation and led the firm to finalize a settlement bringing sweeping changes to the NCAA's approach to concussion treatment and prevention.

The settlement's medical monitoring program is overseen by a medical science committee appointed by the court that screens and tracks concussions. Examinations include neurological and neurocognitive assessments to evaluate potential injuries. Each player now receives a seasonal baseline test to better assess concussions sustained during the season. All athletes who have sustained a concussion will now need to be cleared before returning to play. A medical professional trained in the diagnosis of concussions will be present at all games involving contact sports. The settlement also creates reporting mandates for concussions and their treatment.

**RESULT:** 50-year medical monitoring settlement funded by a \$70 million medical monitoring fund, paid by the NCAA and its insurers, as well as significant changes to and enforcement of the NCAA's concussion management policies and return-to-play guidelines

### **NCAA & EA PLAYER NAME, IMAGE & LIKENESS (NIL) RIGHTS IN VIDEOGAMES**

Hagens Berman attorneys represented student-athletes who claimed that the NCAA illegally used their names, images and likenesses in Electronic Arts' popular NCAA Football, Basketball and March Madness videogame series.

The firm began this case with the knowledge that the NCAA and member schools were resolute in keeping as much control over student-athletes as possible and fought hard to ensure that plaintiffs would not be exploited for profit, especially by the organization that vowed to prevent the college athletes from exploitation. Settlement checks were sent to about 15,000 players, with average amounts of \$1,100 and some up to \$7,600.

The firm also represented NFL legend Jim Brown in litigation against EA for improperly using his likeness in its NFL video games, culminating in a \$600,000 voluntary judgment offered by the video game manufacturer.

**RESULT:** Combined \$60 million settlement, marking the first time the NCAA agreed to a settlement that pays student-athletes for acts related to their participation in athletics

### **CONTINUED NIL LITIGATION**

Hagens Berman has continued efforts against the NCAA in an additional pending antitrust case regarding NIL rights. In June 2020, the firm filed its case against the NCAA and the five most powerful conferences — the Pac-12, Big Ten, Big 12, SEC and ACC — claiming the defendants had knowingly violated federal antitrust laws in abiding by a particular subset of NCAA amateurism rules that prohibit college athletes from receiving anything of value in exchange for the commercial use of their name and likeness. The firm holds that the NCAA's regulations illegally limit the compensation that Division I college athletes may receive for the use of their NIL and athletic reputations.

In unanimously upholding the rights of NCAA athletes in *Alston*, Justice Gorsuch wrote the NCAA had sought "immunity from the normal operation of the antitrust laws," and Justice Kavanaugh stated, "The NCAA is not above the law." The firm looks forward to continuing to uphold that same sentiment regarding NCAA athlete NIL rights.

In July 2021, following the firm's victory in the *Alston* case and denial of defendants' motion to dismiss in the NIL Litigation, the NCAA chose to temporarily lift rules restricting certain NIL deals in what the firm believes will be the first step in another massive change in college sports to support college athletes.

### **FIFA & U.S. SOCCER CONCUSSIONS**

Several soccer players filed a class action against U.S. Soccer's governing bodies, which led to life-changing safety measures brought to millions of U.S. youth soccer players. Players represented by Hagens Berman alleged these groups failed to adopt effective policies to evaluate and manage concussions, leaving millions of players vulnerable to long-lasting brain injury.

The settlement against six of the largest youth soccer organizations greatly diminished risks of concussions and traumatic head injuries. Prior to the settlement, no rule limited headers in children's soccer. The settlement also highlights the importance of on-staff medical personnel at youth tournaments. Under the settlement, youth players who have sustained a concussion during practice or a game will need to follow certain return-to-play protocols before they are allowed to play again. Steve Berman, a youth soccer coach, has seen first-hand the settlement's impacts and life-changing effects every time young athletes take to the field.

**RESULT:** New return-to-play guidelines, benchmarks for concussion measurement and safety protocols, as well as new safety guidelines throughout U.S. Soccer, including completely eliminating heading for youth soccer's youngest players

### NCAA TRANSFER ANTITRUST

Hagens Berman took on the NCAA for several highly recruited college athletes whose scholarships were revoked after a coaching change, or after the student-athletes sought to transfer to another NCAA-member school. The suit claimed the organization's limits and transfer regulations violate antitrust law.

The firm's case hinges on a destructive double standard. While non-athlete students are free to transfer and are eligible for a new scholarship without waiting a year, and coaches often transfer to the tune of a hefty pay raise, student-athletes are penalized and forced to sit out a year before they can play elsewhere, making them much less sought after by other college athletic programs. Hagens Berman continues to fight for student-athletes' rights to be treated fairly and terminate the NCAA's anticompetitive practices and overbearing regulations that limit players' options and freedoms.

### POP WARNER

Hagens Berman represented youth athletes who have suffered traumatic brain injuries due to gross negligence and filed a lawsuit on behalf of former Pop Warner football player Donovan Hill and his mother Crystal Dixon. The suit claims that the league insisted Hill use improper and dangerous tackling techniques which left the then 13-year-old paralyzed from the neck down.

Hagens Berman sought to hold Pop Warner, its affiliates, Hill's coaches and members of the Lakewood Pop Warner board of directors accountable for the coaches' repeated and incorrect instruction that Hill and his teammates tackle opposing players by leading with the head. Sadly, months after the firm's settlement was reached in January 2016, 17-year-old Donovan passed away. The firm believes that his case will continue to have a lasting impact on young athletes for generations and will help ensure safety in youth sports.

**RESULT:** Confidential settlement on behalf of Donovan and his mother

### MLB FOUL BALL INJURIES

Hagens Berman filed a class-action lawsuit on behalf of baseball fans, seeking to extend safety netting to all major and minor league ballparks from foul pole to foul pole. The suit alleges that tens of millions attend an MLB game annually, and every year fans of all ages, but often children, suffer horrific and preventable injuries, such as blindness, skull fractures, severe concussions and brain hemorrhages when struck by a fast-moving ball or flying shrapnel from a shattered bat. The lawsuit was dismissed with the court ruling that the plaintiffs lacked standing because the chance of getting hit by a ball is remote.

While the firm commends the league for finally addressing the serious safety issue at stake in December 2015, the firm continues to urge MLB and its commissioner to make these more than recommendations to help end senseless and avoidable injuries to baseball's biggest fans. We believe our case sparked the eventual move to netting. After one of the owners of the Mariners belittled Steve for having filed the case, the firm happily saw the addition of netting extended to the foul poles at T-Mobile Park in the firm's headquarters of Seattle.

**RESULT:** MLB's commissioner Rob Manfred issued a recommendation to all 30 MLB teams to implement extended safety measures, including additional safety netting at ballparks

### OTHER SPORTS CASES

In addition to its class actions, Hagens Berman has filed several individual cases to uphold the rights of athletes and ensure a fair and safe environment. The firm has filed multiple individual cases to address concussions and other traumatic head injuries among student-athletes at NCAA schools and in youth sports. Hagens Berman continues to represent the interests of athletes and find innovative and effective applications of the law to uphold players' rights.

The firm has also brought many concussions cases on behalf of individual athletes, challenging large universities and institutions for the rights those who have suffered irreversible damage due to gross negligence and lack of even the most basic concussion-management guidelines.

**INTRODUCTION**

Steve Berman has dedicated this career as a class-action plaintiffs' lawyer to improving the lives of those most in need. He represents large classes of consumers, investors and employees in large-scale, complex litigation held in state and federal courts. Steve's trial experience has earned him significant recognition and led The National Law Journal to name him one of the 100 most powerful lawyers in the nation, and to repeatedly name Hagens Berman one of the top 10 plaintiffs' firms in the country. Steve's class-action lawsuits have led to record-breaking settlements, historic changes to industries and made real change possible for millions of individuals.

Steve co-founded Hagens Berman in 1993 after his prior firm refused to represent several young children who consumed fast food contaminated with E. coli — Steve knew he had to help. In that case, Steve alleged that the poisoning was the result of Jack in the Box's cost cutting measures and negligence. He was further inspired to build a firm that vociferously fought for the rights of those most in need. Berman's innovative approach, tenacious conviction and impeccable track record have earned him an excellent reputation and numerous historic legal victories. He is considered one of the nation's most successful class-action attorneys and has been praised for securing tangible benefits for class members, as well as outstanding monetary relief. Steve is particularly known for his tenacity in forging settlements that return a high percentage of recovery or meaningful industry change to class members.

Lawsuits he has settled have reunited Hungarian Holocaust survivors with priceless family heirlooms, and also enacted major changes in youth soccer and NCAA sports to promote safety and minimize the risk of concussions. Below are Steve’s outstanding career highlights.

CASE/ROLE	SETTLEMENT VALUE	NATIONAL IMPACT
<a href="#">State Tobacco Litigation</a> Special Assistant Attorney General Representing 13 States	\$260 billion	<b>Largest civil settlement in history</b> The multi-state agreement required tobacco companies to pay the states \$260 billion and submit to broad advertising and marketing restrictions, leaving a lasting and widespread impact.

<a href="#">Toyota Sudden, Unintended Acceleration</a> Co-lead Counsel	\$1.6 billion	<b>Largest automotive settlement in history at the time</b> The firm did not initially seek to lead this litigation but was sought out by the judge for its wealth of experience in managing very complex class-action MDLs.
<a href="#">Hyundai / Kia Theta II GDI Engine Fire Hazard Settlement</a> Co-lead Counsel	\$1.3 billion	The firm achieved a settlement in response to a defect in 4.1 million Hyundai and Kia vehicles equipped with Theta II GDI engines putting owners at risk for spontaneous, non-collision engine fires or premature engine failure.

<a href="#">Apple E-Books Antitrust</a> Co-lead Counsel	\$568 million	This antitrust lawsuit alleged Apple and five of the nation's top publishers colluded to raise the price of e-books for U.S. consumers. <a href="#">McKesson Drug Class Litigation</a> Co-lead Counsel	\$350 million	Steve was named co-lead counsel in this action that led to a rollback of benchmark prices of hundreds of brand name drugs, and relief for third-party payers and insurers. His discovery of the McKesson scheme led to follow up lawsuits by governmental entities and recovery in total of over \$600 million.
<a href="#">Average Wholesale Price Litigation</a>	\$338 million	Drug prices charged to consumers and payers across the nation are significantly more than the cost to produce them. <a href="#">Enron Pension Protection Litigation</a> Co-lead Counsel	\$250 million	Attorneys represented 24,000 Enron employees claiming the company recklessly endangered retirement funds, causing some employees to lose hundreds of thousands of dollars almost overnight, in a major economic milestone in U.S. history.

The case culminated in a \$208 million settlement regarding damages and injunctive relief secured through a unanimous U.S. Supreme Court decision in favor of plaintiffs. According to the Court, the NCAA “permanently restrained and enjoined from agreeing to fix or limit compensation or benefits related to education” that conferences or schools may make available. Schools are now allowed to provide benefits tethered to education up to \$6,000 annually</p>
<p><a href="#">Apple iOS App Developers Class Counsel</a></p>	<p>\$100 million</p>	<p>Hagens Berman represented developers of iOS apps sold via Apple’s App Store or featuring in-app sales, alleging the tech giant engaged in anticompetitive practices that harmed developers. #### PRESENTATIONS

- Steve is a frequent public speaker and has been a guest lecturer at Stanford University, University of Washington, University of Michigan and Seattle University Law School.

#### PERSONAL INSIGHT

Steve was a high school and college soccer player and coach. Now that his daughter's soccer skills exceed his, he is relegated to being a certified soccer referee and spends weekends being yelled at by parents, players and coaches (as opposed to being yelled at by judges during the week). Steve is also an avid cyclist and is heavily involved in working with young riders on the international Hagens Berman Axeon cycling team.

Rob added to HB's office a **built-in mock courtroom**, complete with jury box, audio-visual equipment to record witnesses and lawyers, and separate deliberation rooms for two juries.

**INTRODUCTION**

Mr. Carey handles various types of injury and consumer claims. Mr. Carey was lead counsel on a jury trial that produced the largest medical-malpractice verdict in 2018, secured class certification in class actions on behalf of consumers and workers where damages are almost \$2 billion, and investigated the dialysis industry's role in deaths caused by central venous catheter infections and misuse of dialysis solutions.

**CURRENT ROLE**

- Partner & Executive Committee Member, Hagens Berman Sobol Shapiro LLP
- Leads Phoenix office
- Practice focuses on class-action lawsuits, including auto defect, insurance, right of publicity and fraud cases. Mr. Carey's work also extends to bad-faith insurance, personal injury and medical malpractice, with several trials involving verdicts in the hundreds of millions.
- Frequently asked to handle jury trials for high-value cases

**RECENT SUCCESS**

- In June 2018, a Denver jury awarded a monumental \$383.5 million jury verdict against GranuFlo dialysis provider, DaVita Inc. culminating lawsuits brought by families of three patients who suffered cardiac arrests and died after receiving dialysis treatments at DaVita clinics. Each of the three parties was awarded \$125 million in punitive damages from the jury, with compensatory damages ranging from \$1.5 million to \$5 million.
- Over the summer of 2012, Rob was lead counsel in Robin Antonick's case against Electronic Arts, where a jury heard evidence that Electronic Arts failed to pay Antonick for over 20 years for his work in coding and developing the legendary Madden NFL Football video game. This trial, held in the Northern District of California, resulted in two verdicts for Antonick and was dubbed a "Top Trial Verdict of 2013" by *The Daily Journal*, a leading legal publication.
- Prevailed at the Arizona Court of Appeals for the second time, keeping intact class certification for tens of thousands of truck drivers suing to recover underpayments caused by misuse of Rand McNally's HHG software by Swift Transportation.
- Helped originate the Toyota Sudden Unintended Acceleration case, filing the initial Hagens Berman complaints for a case that eventually settled for \$1.6 billion.
- Led Hagens Berman's efforts on the \$97 million settlement with Hyundai and Kia corporations over misrepresentations about MPG ratings.

## AWARDS

THE NATIONAL  
LAW JOURNAL  
2018 TOP VERDICTS  
MEDICAL MALPRACTICE  
**\$383,500,000**

- Helped secure a first-ever (\$60 million) settlement for collegiate student-athletes (Keller, consolidated with O'Bannon) from Electronic Arts (EA) and the NCAA for the misappropriation of the student-athletes' likenesses and images for the EA college football video game series. This groundbreaking suit went up to the U.S. Supreme Court before a settlement was reached, providing student-athletes — even current ones — with cash recoveries for the use of their likenesses without permission.
- Represented Donovan Hill against Pop Warner after he was paralyzed at 13. With Rachel Freeman, Rob secured a settlement that “forever changed youth football” (*OC Weekly*) and was “unprecedented” and owed a debt of gratitude by those who care about the safety of kids playing football (*Washington Post*). Donovan died tragically during a 2016 surgery.
- Rob secured a record verdict for a mother suing her deceased son's estate for negligence in starting a home fire. He then took an assignment of the estate's claim and pursued a bad faith claim against the insurer, resulting in lifetime financial security for the badly burned mother.
- After successfully reforming an insurance policy to cover a client – a student-athlete injured in a roll-over accident that caused incomplete tetraplegia and traumatic brain injury – Rob went to the jury, which awarded damages for all harms and losses requested and for insurance bad faith, with a verdict exceeding over 15 times policy limits.
- Rob sued the leading auto carrier for refusal to fully cover a pedestrian struck by the carrier's driver. The verdict was valued over seven figures, and included a finding of willful and wanton conduct, trebling the damages.
- After Rob cross-examined the CEO and CFO of a pharmacy benefits company, the jury entered a verdict for his client in the liability phase of a \$75 million dispute.
- During his representation of a driver paralyzed by a car's roof collapse, the insurance company ignored that the agent did not understand or offer required high-end coverages. The jury returned a verdict with a value over seven figures, including a finding for treble damages.
- Rob represented passengers of drunk driver, and persuaded the jury to award future earning capacity, essential services, medical bills and to find willful and wanton conduct against the insurer (treble damages). After a successful trip to the state supreme court, the verdict was maintained and had a value in excess of 15 times the policy limits.

## EXPERIENCE

- While serving as Arizona Chief Deputy Attorney General Mr. Carey helped secure a \$4 billion divestiture and a landmark \$165 million antitrust settlement. He also was a principal drafter of the first major overhaul of Arizona's criminal code and authored the section of the federal Prisoner Litigation Reform Act of 1995 for Senators Dole and Kyl that virtually eliminated frivolous prisoner lawsuits. Mr. Carey oversaw all major legal, policy, legislative and political issues for the Arizona attorney general's office. He developed and spearheaded passage of Arizona's law requiring the DNA testing of all sex offenders and the law requiring that criminals pay the cost of victims' rights.
- Campaign staffer, intern, and staff member for U.S. Senator John McCain, during and after Senator McCain's first run for public office.

- Adjunct Professor, Sandra Day O'Connor College of Law, teaching class actions. Has taught law and policy courses at other universities.
- Judge Pro Tempore, Maricopa County Superior Court, presiding over contract and tort jury trials.
- In the 90s, he served as trial counsel on claims by counties for damages stemming from tobacco-related illnesses (and acted as special counsel for Hagens Berman in seeking to recover damages in the landmark tobacco litigation), and since then has led dozens of consumer and insurance class actions in various states.

## CURRENT ROLE

- Partner, Hagens Berman Sobol Shapiro LLP
- Practice focuses on class-action lawsuits and complex litigation, including consumer rights. Ms. Kras' practice also focuses on personal injury, medical malpractice, wrongful death and bad-faith insurance claims.
- Ms. Kras has extensive expertise in complex litigation in a variety of commercial contexts, including actions involving various contractual breaches, RICO violations, securities fraud, negligent and intentional torts and federal and state employment law.

## RECENT SUCCESS

- Michella was part of a litigation team that secured a \$95 million class action settlement with Apple for Apple's failure to honor its AppleCare warranties. Apple promised consumers who purchased AppleCare warranties that they would receive "equivalent to new" replacement iPhones and iPads. But consumers had no way of knowing that the replacement devices they received were not equivalent to new devices. The litigation team uncovered evidence that these replacement devices were inferior, which was concealed from consumers. The litigation team hired world-class experts to show that these replacement devices had a shorter lifespan and were more likely to fail than a new iPhone or iPad. The \$95 million settlement provides direct payments to all class members who received these inferior devices. In 2022, Judge Orrick granted final approval, noting that a \$95 million settlement "on an untested theory" was an "excellent settlement" for the class.
- In 2014, Michella was part of a litigation team that settled a data breach case against Maricopa County Community Colleges. In 2013, a data hack exposed the PII of about 2.4 million students, graduates, employees, and vendors. The litigation team secured credit monitoring for all 2.4 million class members.

## EXPERIENCE

- Michella worked as an associate at another firm, where she was a member of the commercial and securities litigation group. Ms. Kras worked on complex litigation matters involving private securities offerings, private lending, asset purchase agreements, shareholder and member disputes, and federal and state wage and hour disputes.
- As an associate at a different law firm, her work included civil litigation, employment law, election law, health care law, and estate planning.
- Michella served as a judicial law clerk for the Arizona Supreme Court, where her work consisted of a variety of appeals, including civil cases, criminal actions, and attorney discipline.

#### LEGAL ACTIVITIES

- Consistent commitment to pro bono work; Michella has worked on several pro bono matters, including obtaining Special Juvenile Immigrant Status for a teenager that was brought to the United States as a toddler and later abandoned by her parent.

Ms. Beardsley has experience in prosecuting a variety of cases, including wrongful death, medical malpractice, negligence, fraud, consumer protection, data breach and bad faith insurance cases.

## CURRENT ROLE

- Associate, Hagens Berman Sobol Shapiro LLP
- Ms. Beardsley has experience prosecuting wrongful death, medical malpractice, negligence, negligence per se, intentional and negligent infliction of emotional distress, unjust enrichment, fraud, consumer protection, data breach and bad faith insurance cases.

## RECENT CASES

- Ms. Beardsley has also aided in prosecuting data breach cases litigated by the firm in Arizona.
- Ms. Beardsley has been active in litigation challenging insurers' deliberate underpayments of total loss auto claims — unfair practices that short consumers after serious car accidents when they are often injured and at their most vulnerable. In early 2022, the U.S. District Court for the District of New Jersey granted plaintiffs' motion to certify a class of New Jersey consumers challenging GEICO's use of improper adjustments to lower payments and its failure to pay substantial taxes and fees owed.
- Ms. Beardsley is also a part of the Hagens Berman litigation team challenging several auto insurers' failure to pay stacked coverages for accidents involving uninsured or underinsured motorists. In 2023, Hagens Berman obtained a unanimous decision from the Arizona Supreme Court that people injured by underinsured motorists in Arizona have the right to add together (or "stack") insurance coverages for multiple vehicles under a single insurance policy.

6 *Insurance Company, Hartford Underwriters Insurance Company, and Hartford Insurance*  
7 *Company of the Midwest*, No. 2:22-cv-01545-PHX-JJT (D. Ariz). I could and would  
8 competently testify to the matters stated in this declaration based on my personal  
9 knowledge or discussions with counsel in my firm.

10 2. On August 13, 2024, this Court appointed Hagens Berman Sobol Shapiro  
11 LLP to serve as Class Counsel for the Settlement Class (Doc No. 52).

12 3. I submit this declaration in support of Plaintiff’s Motion for Attorneys’ Fees,  
13 Expenses, and Service Awards.

14 4. The Slavicek Law Firm is among the most experienced and successful  
15 practitioners in the plaintiff’s personal injury field and has a long and distinguished track  
16 record in such cases. The firm has extensive experience litigating personal injury cases,  
17 including uninsured and underinsured motorist cases. The firm has obtained more than  
18 \$600 million on behalf of its clients in personal injury cases, including over 150 cases that  
19 resolved for seven figures or more.

20 Indeed, the firm has obtained over \$140 million in jury verdicts as lead or co-counsel  
21 in the last ten years, including a \$90 million verdict in a wrongful death case in 2024, which  
22 is believed to be the largest wrongful death verdict in the history of Arizona. The firm has  
23 obtained the Arizona “Top Verdict” three times, has several verdicts within Arizona’s “Top  
24 Ten” verdict list and others in Arizona’s “Top 20” verdict list.

25 5. Three attorneys from The Slavicek Law Firm provided legal services on this  
26 matter: myself, Brett Slavicek and James Fucetola, all of whom have significant experience  
27 handling complex personal injury litigation.

1           6. I have been practicing exclusively in the area of personal injury since being  
2 admitted to the State Bar of Arizona in 2010. I am also licensed to practice in New Mexico  
3 (2014) (inactive) and Utah (2017). I was selected as a “Super Lawyers - Rising Star” in  
4 2020-2022. I have been selected as a “Super Lawyers – Southwest” in 2023 and 2024.

5           7. I am a board member of the Arizona Association of Justice—formerly known  
6 as the Arizona Trial Lawyers Association. As part of my responsibilities on the board, I  
7 am chairman of the Legislative Committee where I coordinate legislative activities on  
8 behalf of the association. Of particular note, I successfully lobbied for the increase in  
9 Arizona’s minimum liability limits from \$15,000 per person to \$25,000 per person as well  
10 as significant changes to Arizona’s healthcare provider lien statute requiring medical  
11 providers to compromise their liens based on equitable considerations.

12           8. Apropos to this case, I routinely represent insureds against their insurance  
13 company to obtain the full extent of available uninsured and underinsured motorist  
14 benefits, especially with respect to stacking uninsured and underinsured motorist coverage.  
15 *See Delaney v. Depositors Insurance Co.*, 2:15-cv-02532-ROS, U.S. District Court for the  
16 District of Arizona (obtaining stacked underinsured motorist coverage); *Hanfelder v.*  
17 *GEICO Indemnity Co.*, 244 Ariz. 475 (App. 2018). Indeed, over the past five years, I  
18 conservatively estimate I have obtained over \$7,500,000 in stacked uninsured and/or  
19 underinsured motorist benefits on behalf of my clients.

20           9. I am the co-author of the *Third Party Interests Handbook* (3d Ed. 2024), a  
21 publication providing a framework for understanding, and more importantly, resolving  
22 third-party interests asserted against personal injury recoveries including, but not limited  
23 to health care provider liens, subrogation rights, and health insurance reimbursement rights.  
24 Moreover, I routinely present at CLE seminars—hosted by the State Bar of Arizona and  
25 the Arizona Association of Justice—educating attorneys on handling third-party interest  
26 claims against personal injury settlements.

27           10. Some representative cases I have led or assisted as counsel include *Cramer*  
28 *v. Starr*, 204 Ariz. 4, 375 P.3d 69 (2016) (continuing viability of successive tortfeasor rule);

1 *Abbott v. Banner Health Network*, 236 Ariz. 436, 341 P.3d 478 (2016) (class action  
2 prohibiting health care provider liens against AHCCCS patients); *Apollo Educ. Group Inc.*  
3 *v. Henry*, 150 F.Supp.3d 1078 (D.Ariz. 2015) (dismissal of ERISA reimbursement claim  
4 asserted against personal injury recovery); *Abbott v. Banner Health Network*, 236 Ariz.  
5 436, 341 P.3d 478 (App. 2014) (class action prohibiting health care provider liens against  
6 AHCCCS patients); *Shirar v. Guerrero*, 673 Fed.Appx. 673 (9th Cir. 2016) (qualified  
7 immunity of police officer in fatal shooting); *Medcath Employment Health Care Plan v.*  
8 *Stratton*, 680 Fed.Appx. 615 (9th Cir. 2017) (dismissal of ERISA reimbursement claim  
9 against wrongful death claim); *Ansley v. Banner Health*, 246 Ariz. 240 (App. 2019) (class  
10 action prohibiting health care provider liens against AHCCCS patients); *Hanfelder v.*  
11 *GEICO Indemnity Co.*, 244 Ariz. 475 (App. 2018) (concluding stacking UM/UIM coverage  
12 is permitted between multiple insurers); *Manzutto v. Superior Court*, 2018 WL 3731006  
13 (Ariz.App. July 31, 2018) (special action relief upholding physician-patient privilege in  
14 personal injury litigation); *Ansley v. Banner Health*, 248 Ariz. 143 (2020) (class action  
15 prohibiting health care provider liens against AHCCCS patients); *Franklin v. CSAA*  
16 *General Ins. Co.*, 255 Ariz. 409, 532 P.3d 1145 (2023) (concluding intra-policy stacking  
17 of UM/UIM coverage is permitted).

18 11. I have significant experience prosecuting consumer class actions. For  
19 example, I have been involved in four class action lawsuits against Arizona hospitals  
20 challenging the hospitals' ability to seek additional compensation (using healthcare  
21 provider liens) after receiving payment from an injured parties' health plan. *See Ansley v.*  
22 *Banner Health*, 248 Ariz. 143 (2020) (challenging lien right after accepting payment from  
23 AHCCCS); *Aycock v. Scottsdale Healthcare Corporation, et al.*, 14-cv-01483-PHX-DLR,  
24 U.S. District Court for the District of Arizona (challenging lien rights after accepting  
25 payment from a Medicare Advantage plan); *Wigand v. Scottsdale Healthcare Hospitals, et*  
26 *al.*, CV2016-017027, Maricopa County Superior Court (challenging lien rights after  
27 accepting payment from a Federal Employees Health Benefits Act plan); *Banuelos v.*  
28 *Scottsdale Healthcare Hospitals, et al.*, CV2018-012029, Maricopa County Superior Court

1 (challenging lien rights after payment from employer-sponsored or State-sponsored health  
2 plans).

3 12. Brett Slavicek is a 1998 graduate of Northwestern University School of Law.  
4 He has focused his practice on catastrophic plaintiff's personal injury cases since his  
5 admission to the Arizona bar in 1998.

6 13. Brett established his own firm, The Slavicek Law Firm, in 2000. Over the  
7 past 24 years, his firm has never advertised and been a referral based practice focusing on  
8 severe injury and catastrophic claims, including medical malpractice, products liability,  
9 and complex injury cases.

10 14. Brett has been lead attorney on approximately 150 case resolutions over  
11 \$1,000,000 and six cases over \$10,000, 000. He has had the highest verdict in Arizona  
12 three years of the past twelve, including the highest verdict, so far, in 2024, a \$90,000,000  
13 verdict in a wrongful death case—which is believed to be Arizona's highest ever wrongful  
14 death verdict.

15 15. James Fucetola is a 1998 graduate of University of Baltimore School of Law.  
16 His practice is focused on representing claimants in severe injury cases. He is admitted to  
17 practice in Arizona, Washington (inactive) and Oregon (inactive) and has tried over 85  
18 cases, including many cases involving serious injuries and death. He served as regional  
19 counsel for a large casualty insurance company supervising attorneys and trial practice in  
20 Oregon and Washington. He has taught trial advocacy nationally and has served as a Judge  
21 Pro Tempore.

22 16. My firm kept detailed records regarding the amount of time spent by  
23 attorneys and staff working on this matter, and the lodestar calculation is based on my  
24 firm's current billing rates. The information was prepared from contemporaneous, daily  
25 time records regularly prepared and maintained by my firm in the ordinary course of  
26 business.

27 17. My firm handles personal injury cases on a contingency fee basis. The  
28 typical contingency fee for a personal injury case in Arizona is forty percent (40%) for

1 cases that require litigation or involve complex issues (medical malpractice, products  
2 liability, class actions). With respect to the stacking class action cases, my firm has been  
3 retained by over a dozen individual plaintiffs. Each of those plaintiffs entered into a hybrid  
4 fee agreement where they agreed to pay the greater of (1) a contingency fee of 40% of the  
5 total recovery or (2) an agreed upon hourly rate. *See Assyia v. State Farm Mut. Auto. Ins.*  
6 *Co.*, 229 Ariz. 216, 222 ¶¶ 22, 26, 273 P.3d 668, 674 (App. 2012) (hybrid fee agreements  
7 permissible under Arizona law and A.R.S. § 12-341.01).

8 18. Although we do not typically bill for our time by the hour, my firm's current  
9 hourly rates for the attorneys who worked on this matter range from \$600 to \$800 attorneys  
10 and \$150 per hour for paralegals. These rates are consistent with the hourly rates submitted  
11 by my firm to state and federal courts in other litigation. The firm's hourly rates are set  
12 based on a periodic review of rates charged by firms performing comparable work and/or  
13 rates regularly submitted to other courts as the basis for the contingent fee awards in  
14 comparably complex class actions, including a review of both plaintiff and defense firm  
15 rates for complex litigation. Different Timekeepers within the same employment category  
16 (e.g., partners, associates, paralegals, etc.) may have different rates based on a variety of  
17 factors, including years of practice, years at the firm, years in their current position (e.g.,  
18 years as a partner), relevant experience, and relative expertise.

19 19. My firm was involved in the litigation from the outset. As stated previously,  
20 we have extensive experience litigating personal injury cases, including uninsured and  
21 underinsured motorist claims. In 2022—when I joined The Slavicek Law Firm—my firm  
22 decided to pursue class action relief against Arizona insurers for their failure to pay stacked  
23 benefits to their insureds. Charles Miller was one of those clients. We investigated the  
24 Trumbull policy to determine whether stacking was permitted. After concluding Trumbull  
25 failed to prohibit stacking, we met with Charles to discuss a potential class action. He  
26 quickly agreed.

27 Thereafter, we drafted a class action complaint asserting claims for breach of  
28 contract, bad faith and declaratory relief. We attended all pre-trial proceedings. Initially,

1 Trumbull sought to dismiss the claims arguing stacking was not permitted under Arizona  
2 law, or alternatively, sought to certify the legal question to the Arizona Supreme Court.  
3 We fully briefed those motions. Although this Court denied the motions—because it  
4 certified similar legal questions in a parallel action—we continued to actively participate  
5 in the litigation.

6 We filed an amicus curiae brief on behalf of Charles, and others, with the Arizona  
7 Supreme Court. We were extensively involved in assisting counsel—John DeStefano with  
8 Hagens Berman—in preparing for oral argument in the *Franklin* case, participating in  
9 multiple mock oral arguments and attending the argument itself.

10 After the Arizona Supreme Court issued its decision in *Franklin v. CSAA Gen. Ins.*  
11 *Co.*, 255 Ariz. 409, 532 P.3d 1145 (2023), we pursued potential classwide resolution with  
12 Trumbull. We participated in an all-day mediation in Connecticut, a second Zoom  
13 mediation months later, and continuing settlement discussions with counsel following the  
14 failed mediations. Our expertise in litigating and evaluating personal injury cases was  
15 critical to assisting our expert in developing a workable damages model to determine  
16 classwide damages.

17 20. As of October 23, 2024, my firm has spent 355 hours working on this matter.  
18 The total lodestar amount for this work is \$225,275.00. The lodestar associated with each  
19 biller is as follows:

3 24. My firm also seeks reimbursement of expenses in the amount of \$23,567.35.  
 4 The expenses incurred by the Slavicek Law Firm in the Action are reflected in the books  
 5 and records of my firm. These books and records are prepared from expense vouchers,  
 6 check records, and other source materials, and are an accurate record for the expenses

 23 foregoing is true and correct.

11 working with the Hagens Berman firm on behalf of the putative class.

12 3. I submit this declaration in support of Plaintiff's Motion for Attorneys' Fees,  
13 Expenses, and Service Awards.

14 4. Goldstein Woods is among the most experienced and skilled practitioners in  
15 the complex insurance litigation field. Goldstein Woods is a pre-eminent firm litigating in  
16 insurance coverage in policy interpretation in the State of Arizona. Undersigned was lead  
17 counsel in the seminal case in Arizona litigated before The Honorable Susan Bolton in  
18 stacking UM/UIM claims interpreting A.R.S. §20-259.01(H). *Heaton v. Metro. Grp. Prop.*

21 Supreme Court ruling on stacking in *Franklin v CSAA Gen. Ins. Co.*, 255 Ariz. 409, 532

23 Defendants.

Case No. 2:22-cv-01545-PHX-JJT

**DECLARATION OF STEVE  
HULSMAN IN SUPPORT OF  
PLAINTIFF'S MOTION FOR  
ATTORNEYS' FEES, EXPENSES,  
AND SERVICE AWARDS**

(Assigned to Honorable John J. Tuchi)

1 I, Steve Hulsman, do hereby declare under penalty of perjury, pursuant to 28  
2 U.S.C. § 1746, that the following is true and correct:

3 1. I am a partner at Lewis Roca Rothgerber Christie LLP (“Lewis Roca”), and  
4 co-counsel for the Plaintiff in *Charles Miller v. Trumbull Insurance Company, Hartford*  
5 *Insurance Company of the Southeast, Twin City Fire Insurance Company, Hartford*  
6 *Underwriters Insurance Company, and Hartford Insurance Company of the Midwest*, No.  
7 2:22-cv-01545-PHX-JJT (D. Ariz). I could and would competently testify to the matters  
8 stated in this declaration based on my personal knowledge or discussions with counsel in  
9 my firm.

10 2. On August 13, 2024, this Court appointed Hagens Berman Sobol Shapiro  
11 LLP to serve as Class Counsel for the Settlement Class (Doc No. 52). My firm has been  
12 working with the Hagens Berman firm on behalf of the putative class.

13 3. I submit this declaration in support Plaintiff’s Motion for Attorneys’ Fees,  
14 Expenses, and Service Awards.

15 4. I received my law degree from the Ohio State University in 1986, having  
16 graduated summa cum laude and Order of the Coif. Since 1986, I have been a licensed  
17 Arizona attorney in good standing. I have been a partner at Lewis Roca since 1991. My  
18 practice focuses primarily on representing plaintiffs in personal injury, wrongful death,  
19 and insurance coverage cases, and defense of complex insurance litigation including  
20 several class actions involving insurance issues (including uninsured and underinsured  
21 motorist claims). I have over 35 years of experience in handling personal injury and  
22 insurance coverage claims. I am rated “AV” by Martindale-Hubbell, which is the highest  
23 possible rating and, according to Martindale-Hubbell, “indicates very high to preeminent  
24 legal ability and very high ethical standards as established by confidential opinions from  
25 members of the Bar.” I am listed in the Best Lawyers in America and Southwest Super  
26 Lawyers for the category of personal injury claims; and in Arizona Business’ Top  
27 Lawyers in the categories of commercial litigation and product liability law. I was named  
28 by Best Lawyers in America as their 2019 Insurance Lawyer of the Year for Arizona. I

1 was also listed in the Arizona Super Lawyers' "Top 50" for 2012, 2013 and 2015. At  
2 various times, I have headed up the firm's Personal Injury and Wrongful Death practice  
3 group and Tort and Insurance practice group and been a member of the firm's Executive  
4 Committee.

5         5. Attorney Evan Goldstein and I took a lead role in developing the legal  
6 theory for UM/UIM stacking that ultimately resulted in this lawsuit and the settlement.  
7 (We later learned that co-counsel Justin Henry was separately working up this theory.)  
8 Among other things, Mr. Goldstein and I successfully litigated the case of *Heaton v.*  
9 *Metro. Grp. Prop. & Cas. Ins. Co.*, No. CV-21-00442-PHX-SRB, resulting in a decision  
10 directly on point to this litigation, 2021 WL 6805629 (D. Ariz. Oct. 19, 2021). The  
11 Arizona Supreme Court favorably cited the *Heaton* decision multiple times in its opinion  
12 in *Franklin v. CSAA General Insurance Co.*, 532 P.3d 1145 (2023), which led directly to  
13 the settlement negotiations here. *See* Order Granting Plaintiff's Motion for Preliminary  
14 Approval of Class Action Settlement and Certification of the Settlement Class, 2024 WL  
15 3818608, at \*1 ("After the Arizona Supreme Court's answers to the certified questions [in  
16 *Franklin*], Plaintiff and Trumbull engaged in pre-certification settlement negotiations,  
17 including a mediation.").

18         6. In this Trumbull/Hartford matter, my firm kept detailed records regarding  
19 the amount of time spent by attorneys and staff working on it, and the lodestar calculation  
20 is based on my firm's current standard billing rates for hourly clients. The information  
21 was prepared from contemporaneous, daily time records regularly prepared and  
22 maintained by my firm in the ordinary course of business.

23         7. My work in this matter included analyzing Trumbull/Hartford's policy  
24 language for compliance with Arizona law, analyzing how the *Franklin* decision applies  
25 to that language, working with co-counsel to prepare for the mediation, attending part of  
26 the mediation, follow up work after the mediation on various settlement issues, and  
27 assisting with drafting the settlement agreement and preliminary approval order.  
28

1           8. My firm's current hourly rate for the work I performed, when the work was  
2 done, ranged from \$660 to \$750. I was assisted by my paralegal Michell Denman, whose  
3 hourly rate was \$265 at the time of her work. These rates are consistent with the hourly  
4 rates submitted by my firm to state and federal courts in other litigation.

5           9. As of October 15, 2024, my firm has spent 31.5 hours working on this  
6 matter. The total lodestar amount for this work is \$22,730.00. The lodestar associated  
7 with each biller is as follows:

8	NAME	POSITION	RATE	HOURS	LODESTAR
9	Steve Hulsman	Partner	\$750.00	13.0	\$9,750.00
10	Steve Hulsman	Partner	\$725.00	16.1	\$11,672.50

15	<b>TOTAL</b>			<b>31.5</b>	<b>\$22,730.00</b>

16  
17  
18           10. The work performed and reflected above was reasonable and necessary to  
19 the prosecution and settlement of this case.

20           11. The tasks performed by my firm, as described above, is broken down as  
21 follows:

## **RIGHTS AND RESPONSIBILITIES OF A POTENTIAL CLASS REPRESENTATIVE**

Hagens Berman Sobol Shapiro LLP (“Hagens Berman” or “the Firm”) is associating as counsel in your case against Trumbull Insurance Company (“Trumbull”) regarding the insurer’s failure to appropriately stack and pay benefits owed for multiple insured vehicles. The Firm has the discretion to select the best persons to represent the interests of the class and its claims as a class representative. By signing this form, you give Hagens Berman permission to represent you in this matter. However, it does not guarantee that the Firm will utilize you as a class representative. If we do choose to proceed with you as the class representative, below is a description of your responsibilities to assist you in understanding your role. Please contact us at any time to clarify any of these points or if you have any questions.

- 1. You are suing as a Class Representative.** As such, you represent the interests of all class members who have been affected by the challenged conduct. In this case, the class consists, roughly speaking, of all persons who purchased insurance policies from the target defendant (or its affiliates), and the insurer’s failure to appropriately stack and pay benefits owed for multiple insured vehicles.
  
- 2. Duty as a Class Representative.** As a class representative, the Court requires that you adequately and fairly represent the class. This is your duty. Here is how you are expected to accomplish that duty:
  - a. You must be generally familiar with the litigation.
    - (1) This does not mean you must know every aspect of this litigation. We will keep you informed of major events, and this will satisfy your duty. You should read the Complaint and understand it generally. You should know who the parties are. You should know why you are suing.
    - (2) You may and should confer with us at any time you feel it is appropriate to do so.
  
  - b. You must vigorously prosecute the litigation.

This basically means you will authorize Hagens Berman to do what is necessary to successfully prosecute this case on behalf of the class. We will vigorously pursue this case.
  
  - c. You must hire lawyers experienced in class action litigation.

Hagens Berman has national experience in class actions. Hagens Berman has participated in numerous consumer products cases, including auto insurance cases, with aggregate recoveries in the billions of dollars.
  
- 3. Preservation of Documents.** You must preserve all of your documents that are related to this case until it has concluded, or your counsel informs you otherwise. Those documents

include any information you have, no matter how it is recorded, including not only “paper” records but all financial data as well as any e-mail or other types of computer data that are stored on hard drives, CDs, DVDs, floppy discs, or the like. Additionally, “documents” to be preserved should be read broadly to include any social media or other Internet postings that may pertain to any matter at issue in this case. “Documents” also includes any documents that someone else is keeping for you. If you have any questions about whether information or items that you have should be retained, ask Hagens Berman.

4. **Postings to Social Media Sites or Internet Websites.** In order to help preserve the attorney-client privilege, as well as the work product and other case-related protections, you agree not to post information regarding this matter, or communications between us, to social media sites or to Internet websites.
5. **Responsibility for Costs.** Costs are such items as filing fees, photocopies, transcript costs, and the cost of notices if necessary. All costs are being advanced by Hagens Berman.
6. **Notice to the Class.** We will undertake this task on your behalf, and we will be responsible for all associated costs. Notice is usually accomplished by mailing a copy to identifiable class members and publishing a copy in newspapers.
7. **No Special Treatment.** You have not been promised any special treatment above the treatment which may be awarded to other class members. If successful in the Class Action, we will likely ask the judge to award you additional compensation for the extra time and effort you expend as a class representative and for having the courage to challenge defendant’s conduct. We cannot guarantee the judge will award additional compensation or the amount of such compensation.

**No Special Treatment acknowledgment: cjm**

8. **No Compensation to be a Plaintiff.** You have not been given nor received any type of compensation by Hagens Berman or anyone else to become or be a plaintiff in this case.

**No Compensation to be a Plaintiff acknowledgement: cjm**

9. **You Initiated the Lawsuit.** You are the one who initiated the request to file a lawsuit and take action against the target defendant(s).

**You Initiated the Lawsuit acknowledgement: cjm**

10. **You Do Not Have a Duty to Investigate or to Be an Expert.** As an intimidation tactic, the defendant(s) may ask you in a deposition what investigation you have undertaken to fulfill your duty as a class representative. You have no such duty personally—that is why you have hired experienced lawyers. We have conducted a thorough investigation and you have fulfilled your duty by relying on us to do so. We will and have discussed with you our investigation. Nonetheless, it is a good practice for you to familiarize yourself with the allegations in the Complaint and to read our reports to you.

11. **Attorneys' Fees.** Our fees (payment for our time) must be approved by the Court and are dependent upon a recovery. Typically, the range of our fee request is 20% to 33-1/3% of the recovery plus reimbursement of costs. You will be provided with notice of our fee request, and you will have the opportunity to discuss it with us and object to our request if you choose to do so. Whether or not we are successful in this litigation, you will not be obligated for any of our attorneys' fees. In the unlikely event the Court were to award the defendants' fees or costs, we will pay these.

**Attorney's Fees acknowledgement: cjm**

It is further understood, agreed, and acknowledged by the Client that there may be a sharing of attorney's fees by and between Hagens Berman and other counsel, and further that such co-counsel may assume joint responsibility for the performance of legal services. Client understands that there may be a sharing of the fee at the discretion of the attorney.

At the end of the litigation, in the event the Court awards attorneys' fees, counsel for plaintiff will allocate the fees as agreed among those counsel participating in the litigation, based on factors such as compensable time spent working on the litigation and importance of contribution to the successful outcome. This allocation will not increase the total amount of fees.

12. **Settlement.** If this case settles and does not go to trial, the settlement must be approved by the Court. You are entitled to object to the settlement if you do not agree with our recommendation to settle. We will consult you before recommending a settlement.
13. **Judicial Approval.** In prosecuting a class action, all of our actions are subject to judicial approval, and courts take that approval seriously. Thus, we are subject to scrutiny that other lawyers, including defendants' counsel, never receive. This should provide you comfort that our actions will be of the highest professional caliber.
14. **Denial of Class Certification.** If class certification is denied, or the Class once certified is later decertified, we do not have an obligation to represent you in your individual claim unless we enter into a separate retainer agreement with you. Likewise, if we are unable to pursue a class claim on your behalf, we do not have an obligation to represent you in your individual claims unless we enter into a separate retainer agreement with you.

## **RIGHTS AND RESPONSIBILITIES OF A POTENTIAL CLASS REPRESENTATIVE**

Hagens Berman Sobol Shapiro LLP (“Hagens Berman” or “the Firm”) is investigating the filing of a case against The Hartford regarding the insurer’s failure to appropriately stack and pay benefits owed for multiple insured vehicles. We are reviewing your file and information in order to determine whether or not to file a new case with you as a class representative. The Firm has the discretion to select the best persons to represent the interests of the class and its claims as a class representative. By signing this form, you give Hagens Berman permission to include you as a class representative in a Complaint. However, it does not mean the Firm represents you and it does not guarantee (1) the Firm will file a Complaint at all, or (2) the Firm will utilize you as a class representative if we decide to file a Complaint. If we do choose to file a case with you as a class representative, the below would be a description of your responsibilities to assist you in understanding your role. Please contact us at any time to clarify any of these points or if you have any questions.

- 1. You will be suing as a Class Representative.** As such, you would represent the interests of all class members who have been affected by the challenged conduct. In this case, the class consists, roughly speaking, of all persons who purchased insurance policies from The Hartford, and the insurer’s failure to appropriately stack and pay benefits owed for multiple insured vehicles.

This basically means you will authorize Hagens Berman to do what is necessary to successfully prosecute this case on behalf of the class. We will vigorously pursue this case.
  
  - c. You must hire lawyers experienced in class action litigation.

Hagens Berman has national experience in class actions. Hagens Berman has participated in numerous consumer products cases, including auto insurance cases, with aggregate recoveries in the billions of dollars.

3. **Preservation of Documents.** You must preserve all of your documents that are related to this case until it has concluded, or your counsel informs you otherwise. If you have any questions about whether information or items that you have should be retained, ask Hagens Berman.
4. **Postings to Social Media Sites or Internet Websites.** In order to help preserve the attorney-client privilege, as well as the work product and other case-related protections, you agree not to post information regarding this matter, or communications between us, to social media sites or to Internet websites.
5. **Responsibility for Costs.** Costs are such items as filing fees, photocopies, transcript costs, and the cost of notices if necessary. All costs are being advanced by Hagens Berman.
6. **Notice to the Class.** We will undertake this task on your behalf, and we will be responsible for all associated costs. Notice is usually accomplished by mailing a copy to identifiable class members and publishing a copy in newspapers.

**No Special Treatment acknowledgment:**

8. **No Compensation to be a Plaintiff.** You have not been given nor received any type of compensation by Hagens Berman or anyone else to become or be a plaintiff in this case.

**No Compensation to be a Plaintiff acknowledgement:**

9. **You Initiated the Lawsuit.** You are the one who initiated the request to file a lawsuit and take action against The Hartford. You asked Hagens Berman to be your attorney.

**You Initiated the Lawsuit acknowledgement:**

10. **You Do Not Have a Duty to Investigate or to Be an Expert.** As an intimidation tactic, the defendant(s) may ask you in a deposition what investigation you have undertaken to fulfill your duty as a class representative.
